

“ The whole of science is nothing more than a refinement of everyday thinking ”

Albert Einstein

YEARBOOK 2018-19

NAVRACHANA INTERNATIONAL SCHOOL, VADODARA

## A message from the Chairperson

“To develop a complete mind, study the Science of Art, study the Art of Science. Learn to see and realize that everything connects to everything else.”  
Leonardo da Vinci

The years at School are some of the most enjoyable ones in every child's life. The child makes friends that are often with him for life, learns something new every day, plays mischief, understands what rewards and what punishes, and how to accept failure with calmness and introspection and success with delight and empathy. But School can also be a challenging place – its definitive pedagogy of compulsory subjects can sometimes be cumbersome for those children with specific talents and with a certain bent of mind that helps them appreciate the sciences more than the humanities or vice versa. These children often flower and shine when they leave School and go to Universities where they can pursue studying and researching what they love most, and are freed of the 'compulsory subjects'!

However Life continues to throw a number of 'boring, compulsory subjects' at us. Engineer-entrepreneurs have to balance their books of accounts; artists need to know how all about anatomy to get that human figure right; doctors must be good administrators to run their clinics well; being a good chef is a wise mix of having a discerning tongue, knowledge about nutrition and smart presentation skills; writers need to keep themselves updated on legal matters related to copyright rules and regulations. Those who can manage the balancing act well, usually come out on the top of their professions.

Where do we learn these balancing tricks? Believe it or not --- it's in School. As we struggle with arithmetic when all we want to do is practice on the drumset or when we would rather be in the chemistry lab than fiddle around with water colours in the art class – that's where we unconsciously train ourselves to 'deal' with responsibility -- - what 'must be dealt with', however unpleasant it might be at that time. Our minds also mature thus and as we grow into youthful adulthood, we can decide when it is ok to go for a drive with friends and enjoy ourselves, but also to make sure that we work into the night to finish the last bit of the project work that needs to be submitted in class the next morning.

School teaches us that in life everything is inter-related. To appreciate what a piece of work is Man, we need to understand literature, biology, philosophy, physics, aesthetics, music and the environment.

And that is why teaching STEM is no longer just Science, Technology, Engineering and Math, but STEAM – Science, Technology, Engineering, Arts, and Math!

Tejal Amin

# A message from the Principal

World Science Day celebrated on November 10<sup>th</sup> and our very own National Science Day celebrated on Feb 28<sup>th</sup> underpin the importance and relevance of science in society and in our daily lives. The celebrations underscore the role science plays in broadening our understanding of the remarkable, fragile planet we call home, and our responsibility in making this, our home, more sustainable.

Year Book 2018-19 is an opportunity to celebrate NISV's own journey through the year in this Area of Knowledge we call Science. Simultaneously, it lauds our very own budding scientists, their research, contribution and experiential learning in the process.

Pranshu Dave reached the top thirty, the world over for her three minute video, that explained the 'Wave-Particle Duality' from Quantum Physics- in the Breakthrough Junior Challenge. Kairav Shah conducted lab research at the University of Missouri, Columbia on the development of a Lateral Flow Immunoassay (LFIA) strip to test for retinopathy in infants using gold nanoparticles to detect a biomarker in urine samples and presented the findings in a poster summarizing the research at the department of radiology at the University of Columbia, Missouri, USA. Tejas Sharma has two Trollgen Studio apps to his name on Google Play. More recently, Abir won the Gold Medal in the Junior Category at the World Robotics Championship held in China. At NISV, we hosted the CBSE Regional Science Exhibition which saw over 100 science exhibits on display from various CBSE schools in the region. Our very own team were among a few others who represented the Region at the National round in New Delhi. Our teachers and students have participated in various Community Science Centre and other events locally and have gained valuable insights for life and learning. The BRAINFEEED EXCELLENCE AWARD that NISV received during the year for STEM Education and Innovative Practices and the National Green Mentors "Inspiring Climate School Award" are testimony to a year at NISV that endeavored to give impetus to and focus on inculcating a Scientific temper in all we do.

Year Book 2018-19 applauds and acknowledges every member of this community that we call NISV, for participating in this endeavor, hallmarking their achievements, and creating footprints for the road ahead.

I would like to end with the words of Albert Einstein, "The whole of science is nothing more than a refinement of everyday thinking." And so every page of this yearbook is laced with a quote from some scientist with the hope that these quotes enlighten and motivate us reach our goals and refine our everyday thinking.

Theophane D'Souza

The saddest aspect of life right now is that gathers knowledge faster than society gathers wisdom. - Isaac Asimov

Navrachana International School, Vadodra, 003

# A message from the Editor

To say that the past year was the most thrilling one of my life would be an understatement. The year was a celebration of the heights that NISV reached; the new horizons we pursued as students. From on-stage drama to competing with many schools in sports to emerging champions in competitions; every milestone was worthy of appreciation and warmed our hearts.

Hosting events like NIMUN 8 and 9, Concert, and various other occasions nudged me out of the shell I had created for myself. The highlight was getting the chance to lead the school press for NIMUN 8 as well as NIMUN 9. Compiling the newsletter for the NIMUN conference and getting to interact with personalities I could only aspire to be, has definitely been a memory I will cherish always.

Now, the year comes to a close the editorial team is proud to bring to you this edition of the NISV Yearbook. It is our hope that you take pleasure in reading it as memories of another eventful year unravel through these pages, leaving you wistful, yet satisfied, at the same time.

The year 2018-19 was a melting pot of memories which will be cherished for years to come.

# A message from the PTA

“When I was asked to write for the year book, I ran out of words for time spent as a member of PTA executive committee. We have had many things on our table in last 3 years. It has been a pleasure and made me younger by 3 years having the privilege to interact with the young students, even younger teachers along with the wisdom of the Principal and fellow parents.

We as the PTA executive committee have been a bridge between the parents, teachers, students and the management of the school on various issues. The committee also executes key events such as the fun fair and the Navratri festival. These events have reached new heights and earned accolades all over.

As outgoing president I hope to continue to support the cause of PTA and wish the body in continuing their work of bringing glory to our esteemed institute.”

## Coordinator's Messages

**Jyoti Nagar**  
IB DP Coordinator

The IBDP team believes in what Robert Maynard Hutchins, an American educational philosopher says "Education is not to reform students or amuse them or to make them expert technicians. It is to unsettle their minds, widen their horizons, inflame their intellects, teach them to think straight, if possible."

Some of the highlights of IBDP 2018-19 student- led events, where they excelled , were Navrachana International Model United Nations conference- 9, Teacher's Day celebration and The School funfair "Fiesta de Melodia."

This year, three IBDP students, along with 4 CBSE students, escorted by Ms. Jyoti Nagar went to ISSR, Sweden on a student Exchange Programme.

**Usha Singh**  
IB MYP Coordinator

The year 2018-19 has been a momentous year. The IGCSE results are a testimony to the dedication of the students and the relentless efforts of the teachers. The MYP section has become competent in E-learning through the use of tablets and Managebac software to connect teachers, students and parents online for sharing teaching resources, assessments and report cards.

The students' engagement with Service as Action activities, the MYP Conclave and the inter-disciplinary activities, has given them the much needed impetus to hone their ATL skills.

**Viraaj Jhaveri**  
IB PYP Coordinator

Pre-Primary and Primary section lay the foundation stone in the all-round development process of a child's growth. We at NISV always strive to make the learning process joyful and work towards providing students with the skills and the knowledge required to meet the challenges in the future.

The New Year began with the hustle and bustle of settling down and the arrival of new faces .The PYP staff took their positions with reviewed vigour and enthusiasm to provide the young minds with the best possible environment and techniques of learning.

The only distracting element was the excessive heat ...but...The Show Must Go On !!

Our motto "Enlightening, Empowering and Educating" is our guiding force that kept all of us committed to the programme and helped us execute all our units with utmost zeal providing opportunities for students to exchange , explore and learn.

At NISV we open doors to new ideas and diversity, thus empowering students to learn from each other and making them lifelong learners.

**Purna Ganesh**  
Assit. IB PYP Coordinator

Learning is the process of constantly updating in an ever changing world. The first five years experiences the most rapid changes of life and are critical in a child's development. . Learning at our school is based on the fundamental principles of life; providing opportunities for children to develop the various traits of the IBPYP Learner Profile. In the PYP years we have always tried to provide the best possible environment for children, keeping them busy with learning activities and also ensuring that learning is a great lot of fun. Students have participated whole heartedly in a number of events and learning engagements which have helped them blossom into confident, expressive individuals with the ability to think for themselves and come up with solutions. A number of show and tell activities, presentations, group work, skits, dances, art activities, project displays, games and various celebrations have enhanced the elements of creativity and enthusiasm in their journey of learning.

**Vijayalakshmi Nair**  
CBSE HS Coordinator

Another bustling year has gone by. New faces brought new challenges. New ideas and perspectives were realized to fulfil requirements of the instructional process. Initially, the mind was clouded with pressing questions around catching students' attention, making them focus, channelizing their energy, and sensitizing them. My anxiety was laid to rest when I learnt that this group of jovial and determined students decided to help an ailing staff member. Needless to say, my team had achieved their objective. I was touched by this gesture, the warmth of which will be felt for years to come.

**Anagha Pathak**  
CBSE Coordinator

“Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations”

At NISV, our approaches to learning is child centric, encouraging activity based learning and inculcating a scientific temperament, to adopt and accomodate new changes. In our curriculum the student is the primary focus and each child is involved in the learning process. We are constantly improving on our teaching methodology, so that it turns learning into a combination of classroom study, research and scientific discovery.

While academic excellence is our major thrust, the school is also devoted to prepare the students for life through ' Happiness Classes' once a week, groom them to face the challenges of tomorrow and become mindful through meditation, regular counselling sessions, career guidance and encourage them to be socially relevant.

We constantly endeavour to always live up to this ideology and inculcate this practice into everything we do, with the aim that we will be able to ensure that the children grow to their full potential, while constantly being groomed to pass out as men and women of calibre, competent enough to bear all responsibilities in all walks of life.

I am confident that the NISVians will make themselves stronger day by day, adding a new leaf to the grandeur of the school.

**Rashmi Ravindranath**  
CBSE Assit. Coordinator  
(Grades 4-6)

Learning is the process of constantly updating in an ever-changing world. All our academic, co-curricular and extra-curricular activities during the academic year 2018-19, were aimed at the future focussed education to equip our students with skills and knowledge for life and inspire them to be contributing citizens.

At NISV we believe that a calm mind and the right attitude is the key to success. This year along with regular assembly and classroom meditation sessions, we introduced heartfulness meditation.

**Ritika Nagpal**  
CBSE Assit. Coordinator  
(Grades 1-3)

The year 2018-19 was a strenuous and marvelous year both in terms of academics and co-curricular activities. The teachers worked diligently to ensure compliance with educational standards, school and student performance and accountability. We assessed student performances to determine the ways in which instructional approaches need to be changed or modified. We along with our counsellors established systems and procedures to achieve a productive learning environment while responding to learners need. The teachers and students put in great efforts to make the class presentations successful.

**CARLOS bERNAL**  
IT Coordinator

As we continue in this era of technology, in the IT department, we have been taking steps towards polishing our skills and providing reliable, available and secure IT resources for our students, faculty and staff. With the construction of additional spaces in the third floor of our main building, we worked in our pilot project to provide a WIFI environment, which has given us a stable and strong infrastructure to satisfy the needs of the 21st century education where internet is required and see the feasibility for the whole building to have the same infrastructure. We also are very satisfied with the introduction of an (Enterprise resource planning) ERP software that is giving us a robust and stable infrastructure to manage our critical data, and I am sure most of you have enjoyed receiving circulars, messages and even paying fees from the comfort of your mobile devices. As always, we are planning, assessing and getting ready for the new academic year that will bring its own challenges, but we look forward to them and the solutions that we will find on the way.

**Rajgopalan G.**  
Sports Coordinator

Engaging in Sports activities each week helps improve focus on school work, as well as helps the students lead happier, healthier lives. Here are four reasons why students should be involved in structured, before /after-school physical activities. Academic Performance, Fitness Habits, Mental and Emotional Benefits, Development of Specific Skills.

In year 2018-19, we tried to ensure that each child get these four benefits by involving themselves in School physical activities.

**I. P. Joshi**  
Manager Administration

The aim in the year gone by was to reduce paper usage. Most of the school records are converted to e-records through a new software "Vidyalaya" including the filling of online admission forms for the new admissions for the upcoming year. The school got award for "Environment Awareness Among Youngsters" and SOCLEEN "Excellence Award" in Inter-school Cleanliness Competition. The school has also initiated revamping and construction work in the school hostel.

## First Language English (Middle and Senior School Gr. 6-12)

**Lily Rana**  
M.A.  
HOD (IB)

*"I never dreamed about success, I worked for it."*

A veritable 'coming-of-age' chapter inked, is what the last academic year has been for the English department! Our students, across the spectrum, left memorable imprints, in myriad ways, across diverse fora in School, the State, Nationally and Internationally. Underpinning their stellar achievements lies the steadfast and consecrated promotion of academic outreach programmes, which the teachers persevere to sustain. The excellent examination results further testify to the department's concerted effort.

A rich corpus of teaching resources enhance pedagogical practices and professional enrichment.

**Shilpi Kumar**  
M.A, B.Sc.,  
B.Ed.  
HOD (CBSE)

Sometimes the pathway dictates that the process comes down to hard work, rather than inspiration, but teaching is all about the rapport between a teacher and a pupil, more than anything else.

Teaching English language, after all, is about a fruitful engagement in getting children to conceptualize, understand, relate, connect and apply their language abilities in the spoken and written context relevant to the need of the hour.

Our team of English teachers have been facilitating and guiding students for all IHAs, State level and National Level competitions which include debates, elocutions and a volley of writing activities across. This team of supportive professionals have extended their unflinching support and set high standards, enabling the learners to hone their language skills.

HOD (IB)

Another eventful year at NISV! Outstanding performance at Mathmania(Inter-school quiz competition), securing enviable national/state ranks in the Olympiads, showcasing their excellent logical and analytical skills in the monthly rounds of Clash of Pi (an online mathematics contest)- our students gave us many opportunities to feel proud.

And yes, once again, excellent board results! Congratulations to the students and the tutors!

**Anagha Pathak**  
*M.Sc.,  
B.Ed.*  
HOD (CBSE)

"Mathematics is the cradle of all creation."

This year we have strived to center stage Mathematical knowledge in the curriculum; instill analytical and logical thinking among students and promote Mathematical thought as an important area of human thought. To bring flare of creation and creativity department of mathematics conducts many engaging and interesting activities. Apropos, for the fourth consecutive year we have successfully conducted Mathmania- inter-school math quiz competition. The spectrum of rounds provided a platform for the participants to exhibit their mathematical abilities, computational fluency, analytical thinking and quantitative aptitude. Thus, in this manner department aims to pursue excellence in Mathematics through engaging our students not only in the class rooms but also beyond it. We are achieving our objectives with the help of significantly experienced faculties.

## Science

**Mary Chacko**  
*M.Sc.,  
M.Ed.*  
HOD (IB)

Pranshu Dave's success in the Breakthrough Science Junior Challenge topped the list of the students who brought accolades to the school and themselves. Our students achieved high scores in various science competitions held at both the National and International arena. Teachers attended professional development workshops and also were selected at both the IB and the CBSE levels to conduct workshops.

The learning in the laboratories paved way to bring a connect between theory and practical. Our High end labs remained a churning ground for innovative projects and effective learning. Expert guidance and motivation by the science teacher's team was the spark that fuelled the flame of learning.

**Kudos to the Science Team !!!...Your Enthusiasm is indeed impressive.**

**Upasana Sharma**  
*M.Sc.,  
B.Ed.*  
HOD (CBSE)

Our school had the privilege of hosting a **two day Regional Level CBSE Science Exhibition with the theme** 'Scientific solutions for challenges in life' on the 23rd and 24th of January; this event saw a participation of 40 schools from all over Gujarat. The programme was flagged off by the Chief Guest, Padma Shri Dr. M.H. Mehta. Our team qualified for the national levels held in New Delhi. In February students visited a horticulture exhibition with an objective to study and identify the various varieties of plants species.

Our faculty Ms.Vandana Shukla and Ms.Anamika Agarwal conducted an innovative workshop for teachers from all over Gujarat under the aegis of Gyan Sarovar to share effective pedagogies. Kudos to the faculty for continuously instilling a sense of intrigue and curiosity in our students through open-ended problem-solving investigations.

## Modern and Foreign Languages

**Dilip Sharma**  
*B.Sc., PGDM, M.A. (German),*  
HOD (IB)

To widen the horizons and foster global-mindedness in the students, the department of Modern Foreign Languages extends learning beyond classroom. Students showcase their knowledge and proficiency in school assemblies and various cultural festivals celebrated in the school. Like every year, German learners got the opportunity to attend various workshops during German Days at NISV. Two students won the scholarship from Goethe Institut/ Max Mueller Bhavan to attend a 3 weeks' youth course in Germany. We joined hands with a French school 'Lycee Sainte –Anne' in Brest (France) for the students exchange program. 15 students from France visited us in December 2018 and our 15 students visited Brest in May 2019.

**Anupam Giri**  
*M.A. (Hindi), B.Ed.*  
HOD (CBSE)

The academic year 2018-19 has been a yet another landmark year in the field of language education at NISV. Our academic year's endeavor was to facilitate the Hindi language teaching-learning process a more dynamic and engaging one. We have also made a very productive and effective use of digital learning aids to further enhance the students's vocabulary building skills and language proficiency. Flip-classrooms have proved to be highly fruitful and interesting for students. The Department of Hindi was thriving with activities like Hindi Super Speller, Hindi Diwas celebrations, National and Cultural festival celebrations and class assemblies. Lastly, I appreciate my team of dynamic and highly creative teachers for their relentless efforts and enthusiasm in making all the events a great success. Hindi hai Hum! Jai Hind!

HOD (CBSE)

In 2018-19, senior students were engaged in various interesting and challenging projects which developed action based learning, skill development and rigor. Students visited renowned companies and interacted with top level management. Equally interesting was witnessing constant changes in share prices. Commerce and Humanities department has worked tirelessly to cater to the needs of each and every student. Teachers of CBSE hone their professional skills by attending workshops, seminars and also assessing the board papers.

Art is an important element in the PYP, MYP, DP, IGCSE and CBSE syllabus. Art in NISV implements essential skills which enables students to become stronger and more self-regulated learner. Curriculums emphasize on understanding of art concepts and skill building to communicate the experience of exploration and understanding. This year special attention was paid to develop their critical thinking and reflective skills.

# Investiture Ceremony

The Investiture Ceremony of NISV, presided by the Principal, Mr. Theophane Dsouza, and attended by parents, staff and students, was conducted with great solemnity on 13th July 2019, in the school quadrangle. The old council handed over the charge symbolically by handing over the School Flag and House Flags to their successors. The leaders, Head boys - Prakhar Deep Khare (CBSE) Devbrat Hariyani (IB) Head Girls – Sia Shah (IB) Aahana Arora (CBSE) and the appointed student council members were conferred their badges and sashes. The student council took the pledge to uphold the school motto and to carry out their responsibilities with utmost zeal.

"The scientist is not a person who gives the right answers,  
he's one who asks the right questions." - Claude Levi-Strauss

## House of Nurturers

The year 2018-19, exhibited an all new Nurturers in terms of work ethics. The drama competition is an honorable mention that delineated a story of team work, frustration and creative differences amongst the team. Nevertheless, the Nurturers put their heads together to exhibit an exceptional performance. However, the annual 'Sports Day' truly showed the colors of the house. Fierce competition alongside acts of sportsmanship, led to a phenomenal title race.

## House of Inquirers

The House of Inquirers has demonstrated a strong team spirit and an indomitable will to win throughout the year. We won the championship for lawn tennis. Another feather in our cap was winning the Inter-house Drama competition. It was gratifying to see the students competing in right earnest. There were a few disappointments and a few joyful moments, yet we forged our way through, to the end, and savoured every moment of the exercise.

## House of Seekers

The main purpose of a team is to have a common goal and combine every resource to achieve it together, successfully. The House of Seekers as a strong team left not a single stone unturned in their joint effort, and bagged the “Best House Trophy” as well as the “Champion House Trophy” for the academic year 2018-19. Heartiest Congratulations to the entire Seekers team for their commendable achievements! What I believe is that “Every child is unique and a great performer. If everyone in the team is moving forward together, then success takes care of itself and that is what gives us strength and confidence to work towards our goals and achievements”. Life full of bright opportunities and lots of success in waiting is sure to tint their future endeavors.

## House of Venturers

The Venturers have been a very creative and dynamic house this year with Shree Patel and Shivam Patel leading them. From the unexpectedly commendable performance in the march past during the sports day showcasing unity, perseverance and team-spirit, to the collaboration and innovative thinking during the bulletin board decoration, they have truly grown together as a group. Exchanging and expressing interesting ideas during debates and speeches, and planning an entire theatrical production during the house activity – with script writing, stage decoration and performances – they inspired themselves to take on the challenges, and solve them, learning important life skills together in the process.

A bunch of mischievous, clever, creative and enthusiastic students explored their learning and enhanced their knowledge during the academic year 2018-19. They got various opportunities and hand-on experiences through POI units to showcase their talent and developed thinking, social and communication skills in their early years. It was a big achievement for them reading and framing sentences using three letter words and sight words. Also, holding the pencil for the first time, making different patterns & numbers, writing letters, taking part in Annual concert, world animal day, Group dance and Sport day was an amazing experience for the children to grow and develop their motor skills. We felt like understanding each student better and better, as we progressed in the program. We wish them good luck & success in their future endeavors.

“Teaching kids to count is fine, but teaching them what counts is best.”

The year flew by with a group of highly motivated and caring students, whose enthusiasm for learning and thirst for knowledge made the year an enriching experience for both the students as well as the teachers. They participated whole heartedly and enjoyed themselves during all the activities, academic or extra-curricular. In all of these learning engagements they developed their social as well as communication skills. They built their profiles of being inquirers, principled, caring and balanced, thereby inquiring, nurturing, seeking and venturing into the unknown with zeal.

**Top Row (L to R) :** Ms. Nirali Rana, Vedanshu Chaudhari, Miraan Choksi, Shivan Shukla, Dharm Vyas, Siddharth Sanghani, Mitansh Goyal, Ryan Mathew, Aarav Agarwal, Pראהan Patel, Shiv Goradia, Ms. Sybil Pawar, Ms. Falguni Maradia, Dhanishka Shah (Inset).

Shampa Patra

The adjective that best describes this class of Grade 1 is affectionate. Each student exhibited his/her caring attitude through small actions such as listening attentively and taking criticism constructively to bring about a positive change in them. They enlivened each unit of inquiry with their curiosity and quest for knowledge. Their enthusiasm for learning never waned, be it the field trips that we undertook or the two day outbound trip to Camp Dilly. I wish them to bloom into truly international minded individuals who will help to create a better and more peaceful world.

One of the most rewarding aspects of being a teacher has been watching you grow over the course of the year. You all have blossomed into young scholars; and I am so proud of you all. Letters and sounds soon become words that invited you into the world of reading and writing, giving your strong voices to express yourselves. You grew as individuals too, exploring your independence and what it means to be a kind and caring student, classmate and friend. As you venture off, I hope that you will take what you have learned at the Harbour, and apply it towards your schoolwork, your friendships, and any other situations that you may encounter.

All the Best!!

Each one of them was unique.

Some were so quiet, some were born leaders,  
Some loved singing; For some, dance was a passion,  
Some would flatter you with their charming talks,  
Some would shower you with unconditional love.

They were like uncut diamonds. I don't know what they will become in future  
but I do wish that they don't lose their innocence and goodness.

My message for them-

'Use your smile to change the world  
Don't let the world change your smile.'

As I wrap up my academic year 2018-19, I am thinking about my students, their struggles, and their successes. No matter what their abilities, each student walked away with a positive feeling and energy. It was mesmerizing...!! This grade comprised of a bunch of delightful & energetic students who also were expressive, affectionate & dynamic learners. Memories of the academic year gone by will always remain with us to cherish. I feel gratified and contented to have nurtured them to the best of my ability and wish them good luck for their future endeavours

Believing that 'The teacher is no longer the gatekeeper of all knowledge', my role switched to guide, assistant, and enabler of student potential. My efforts were directed towards supporting and guiding students. This year a bunch of bubbly, cute and hardworking students, amazed me with their inquisitiveness and communication skills. They were extremely enthusiastic and super risk-takers. They kept me on my toes and challenged me with their ideas, inventions which further motivated me to use more innovative and challenging ideas and strategies of teaching and facilitating within the grade room. I wish them all the very best for their endeavour and wish that they continue their journey further with the same enthusiasm and zest.

“So often you find that the students you're trying to inspire are the ones that end up inspiring you”. The year, 2018-19 has been an eventful year. We did not realize we were making memories; we just knew we were having fun. Being ever ready to be a part of curricular and co-curricular activities, they were exuberant performers. Every student unfolded a unique but interesting story, and I was made an integral part of the same. Together we shared ideas, struggles, conflicts, laughter and realizations that helped us in becoming more knowledgeable, caring and thoughtful.

Wishing you a lifetime of love, happiness and success.

“Education is not to reform the students or amuse them or to make them expert technicians. It is to unsettle their minds, widen their horizons, inflame their intellects and teach them to think straight, if possible.” The student group of Grade 3B, Year 2018-19, was so full of energy and positivity that each activity and each challenge, whether academic or extracurricular, was taken up with great enthusiasm and vigour. They enjoyed the moments of fun and laughter, also overcoming all the difficulties, however big or small, they faced. The resolve to keep on going ahead on the path of achieving the different goals remained unshaken. Thus team building and cooperation along with being empathetic was the flavour of the class throughout the year that bonded the students together.

Wishing you a bountiful treasure of good luck, joy and success.

Just like how you do not forget the tune when a song fades out and stops playing, I will never forget the priceless memories of being the teacher of a class of enthusiastic learners.

I wish all of them to humbly march ahead with vigour, honesty and grit. Throughout the year, they unveiled tremendous energy and talent as they took different challenges with a smile and pride. They exhibited a level of excellence in the Talk show, the Kiddie Bazaar, the News Desk and the Art Fair. Their loving gesture of donating the earnings from the Kiddie Bazaar to the Sisters of The Missionary of Charity, Vadodara, set an example of the Joy of Giving to many. I am extremely proud of what they have become and what they will become. Be it happiness or adversity, they will turn the Mess into a Message.

A class of creative minds, A constellation of stars that shines!  
A troop of soldiers walking boldly to their future, A team of players with goal so clear.  
A party of friends always on the move, A brood of chicks ready to find their grooves.

I'm glad I was your teacher, Brimming with your ideas,  
I'm above the rim of the pitcher.  
Together we laughed, we felt overjoyed! And your frolic little pranks,  
I found hard to avoid.

One message for you my little ones, Push yourself harder than yesterday.  
Be the best version of yourselves, That's the only thing your teachers pray.

There was nothing more rewarding to me than having an opportunity to watch these students learn and grow in this year. They all were amazing and open minded with unique skills and abilities. They all blossomed into young scholars and responsible students, I was so proud to see them perform and display their understanding of our program during the IB PYP Exhibition. Letters and Sounds became words that invited them into the world of reading and writing, giving them strong voices to express themselves. They grew as individuals exploring their independence and became kind and caring students, classmates & friends. As they venture off to the MYP, I hope that they take the knowledge they have acquired in PYP and apply the same in future in their daily lives. Congratulations on their achievements and best wishes for their future endeavors.

All our dreams can come true...if we have the courage to pursue them.

Someone said “While we teach our students all about life, our students teach us what life is all about”. This is exactly what I felt being grade tutor for my grade 5B students. A strong – minded class, it had its quota of pranksters, humorists, academicians and absent minded dreamers. When we think of that energetic bunch of students, that instant reflection brings a smile which lights up my face and heart. Individually, they were highly original children, but each one of them was generous and always ready to help their peers who sometimes needed a little hand holding thus binding the entire class in a single unit. Together we tried to weave dreams and move on with our learning experiences both within the four walls as well as outside the classroom. And one fine day, they were ready to graduate to a higher class. Here's wishing them all the best from the bottom of my heart and finally to conclude, I'll like to quote this for my students “Go the extra Mile, it's never crowded.”

**“Education breeds confidence. Confidence breeds hope. Hope breeds peace.”**

It was an exciting year with these very affectionate, vivacious and fun loving students of grade 6B. In the course of their development, they refined their existing skills of inquiry for acquiring knowledge and participated in all activities with amazing enthusiasm.

I will cherish all the moments spent with them forever and wish all of them a bright future ahead. All the best!!

Learning is a treasure that will follow its owner everywhere. Dynamic, lively, zestful, assiduous and poised, I had the pleasure to tutor this group of students who exemplified all these attributes and more. Each one's individuality brought in diversity, yet their cooperative efforts united them as a group of learners. With their warmth, radiant personalities and infectious smiles they made the teaching and learning experience enjoyable for each and every one of us.

I wish them luck and success in all their endeavors. May God bless them always!

We enjoyed being a part of the learning and growing experience of our ever – blooming, enthusiastic, and affectionate students. We have laughed, played and grown together. The dynamic group of Grade – 7 B(IB) remained lively and proven themselves to be very strong assets to the school. The year gave the students an opportunity to explore, to go beyond the known, wade into the unknown and build their profile of being open minded. We wish them success in the next academic year. May god bless them always!

### Grade Tutor

Monica Menon

It was a whirlwind year which went by like a breeze. The students were very loving and I as their grade tutor loved being with them and mentoring them. The famous philosopher Bertrand Russel has said, 'When you want to teach children to think, you begin by treating them seriously when they are little, giving them responsibilities, talking to them candidly, providing privacy and solitude for them, and making them readers and thinkers of significant thoughts from the beginning.' I'm glad that I could incorporate all this in my gem of a class.

**Top Row (L to R):** Rishi Rajgarhia, Sarthak Gupta, Prayaag Vasoya, Riddesh Agarwal, Jaysheel Patel, Vrij Patel, Bhumik Shah, Shashwat Pratap Singh, Vivaan Shah, Yug Mandavia, Samarth Saluja, Aadi Patel(Inset)

## Grade 7B CBSE

### Grade Tutor

**Shweta Pandit**

Diversity makes for a rich tapestry and all the threads of the tapestry add to the overall appeal, no matter what the colour.

It was an enriching experience to be the grade tutor of grade 7B. Day to day interactions with my grade children gave me the opportunity to guide them and enrich my own experiences to make a difference to each one of them in small but meaningful ways. Each child has been unique in adding to the class ethos.

I wish them all the very best in all their future endeavors!

**Top Row (L to R) :** Hannah Williams (Inset), Jayesh Chandani (Inset), Raghav Poddar, Aaryan Shah, Yash Rathod, Dhyye Shah, Krishna Sharma, Taksh Shrivastava, Aadi Shah, Krish Babla, Phree Potchanant, Divyam Hirani.

Snehlata Sharma

“Learning gives creativity, creativity leads to thinking, thinking provides knowledge, knowledge makes you great,” by A.P.J Abdul Kalam.

It gives me immense pleasure to write about my students of class 8A. As a grade tutor, I have always tried to create a learning environment where I could nurture and see them grow into responsible students. My students were always full of zest to participate in class activities. We shared some really unforgettable memories from Tamia, Madhya Pradesh. They say some people make impacts in your life but this class has branded its impact on me. I am blessed to be a part of this class.

Schooling is our first contact with the world, a period of joy, healthy competition, fearing, adjustment, sharing and love. This group of students were a bundle of different traits. Each one of them had a unique colour. They really wanted to participate and to learn more. They made the classroom a vibrant place.

Being the grade tutor of Grade 8A, not once but twice, I got the opportunity to know and understand them even better. It was a two way process of learning and really I also learnt a lot from them.

I wish them success in the next academic year. May God bless them always!

**Top Row (L to R):** Nitya Gajera, Kartikay Parmar, Ashutosh Das, Shoukrit Dey, Arnav Patra, Het Dhavan, Mann Shah, Nachiket Kane, Taksh Patel, Ansh Varma, Kavya Patel

## Grade 9A IB

### Grade Tutor

Ashwini Patange

In it's core, this class is an organised chaos, that has created memories that will be cherished for years to come. With academic scholars to comedians to flamboyant artists to book worms to musicians to athletes this class lacks nothing. Each individual has their own goals but never left their classmates behind, helping each other every step of the way. Their friendship and bonding kept the class united throughout the year. This class is really close to my heart.

**Top Row (L to R) :** Mohammad Ayan Chowkwala, Siddharth Ganesh, Siddharth Paranjape, Virajsinh Chohan, Vanshil Patel, Aryan Narula, Devansh Patel

**Bottom Row (L to R) :** Ms. Usha Singh, Jahnvi Modi, Hetvi Chaniyara, Bipasha Naik, Janvi Patel, Shanvi Patel, Manya Mehta, Diya Patel, Dr. Trushna Kapadia

## Grade 9B IB

### Grade Tutor

**Dr. Trushna Kapadia**

I'm not the only one who feels unsure about their new class – and think more should be done to smoothen the transition. Being in the classroom is a collaboration between the teacher and her students.

Forming a covalent bond with this new class, was a challenge. This class of 2018-19 was a group of curious, intelligent and highly reactive elements. However, on the whole I was delighted with my class. They were kind, funny, thoughtful and creative also. Eager to learn, their questions kept me on my toes but were generally perceptive and interesting. Their kindness to each other, and to me, was special.

I wish them luck to reach the pinnacles of success in all their endeavours.

**Top Row (L to R):** Ranbir Shah, Gaurav Vala, Medhansh Shekhawat, Aarav Parikh, Anoush Shah, Jay Talati, Aayush Mewada, Aarya Shah, Nishith Nariya, Ronit Luther. **Second Row (L to R):** Jainam Modi, Hardeepsinh Jadeja, Arpit Sharma, Dinsha Kaneria, Vaidehi Khandelwal, Arav Gupta, Harsh Chauhan. **Third Row (L to R):** Dixita Vasava, Pooja Jadeja, Sania Shah, Suhani Patel, Prachi Prasad, Jiya Patel, Nandinee Salian, Ruhani Lokhandwala, Saanvi Chawla. **Fourth Row (L to R):** Aniyora Shankar, Akanksha Panda, Anushree Patodia, Mitali Sharma, Vanshi Mehta, Dhruti Shah, Devasri Majmudar. **Bottom Row (L to R):** Mr. Sunilkumar Tiwari, Ms. Nishita Bakshi, Ms. Rita Roy, Ms. Prachi Sinha, Ms. Anagha Pathak, Ms. Mitali Dey, Ms. Suniti Pathak, Ms. Sachita Mital, Ms. Vandana Shukla, Ms. Leenata Paranjape, Ms. Upasana Sharma

Dr. Divya Chauhan

Remember as you move ahead in life -You owe it to yourself to make your days count; To make a difference, To embark on something worth doing . Not for any grand cause, necessarily- but for something that tugs at your heart; something that is your dream. Follow your dreams ,follow your passions. Have fun. Always, always Dream big. I believe; I know that you all will make a difference to this world. I shall always cherish the memories of my time spent with you all.

- Anupama Bohtan

You are not your yesterdays.  
You are what you make  
Of your Today's.  
Mistakes will happen,  
don't let that discourage  
your future.  
Use your broken things  
To make your broken wings.

**Then Fly.**

-Kayil York

I shall cherish the two years spent with you all. All the very best for your future.

- Dr. Divya Chauhan

The year of 2018-19 was a truly memorable one for grade 11. The young adults of NISV started coming into their own, right from the start of the year, with the appointment of the council. The test of leadership and hard-work kicked off with the annual funfair, named this year, "Fiesta de Melodia". Showcasing true diligence, every child strived to make the best of their abilities by using their strengths and curating a fantastic show for everyone. A similar milestone was the Valedictory Function for the class of 2019.

**Top Row (L to R):** Sachin Dindor, Samar Oza, Anuj Arya, Pratit Kansara, Tanmay Kulkarni, Animesh Agarwal, Om Mallick, Ansh Dholakia(Inset)

Dr. Rachna Patel

The Class of 2019 holds a special place in our hearts as we have journeyed together for yet another year rising to every challenge along the way!

The success of our students is the result of their hard work, perseverance, learning from failure and their insatiable longing for perfection. Their ability to discipline themselves, set clear goals and then work toward them is the hallmark of their excellence.

Students, as you step out of the portals of the school, let A. A. Milne's words resonate with you, "You are braver than you believe, stronger than you seem and smarter than you think."

May success be with you in every walk of life !

# In Retrospect

Navrachana International has given me the best sixteen years of my life with the most talented and supportive teachers and staff. With that it has also helped me fixate my path towards success. It has taught how to never give up and to keep pushing as hard as I can. Furthermore it has given friendships that will last a lifetime. I couldn't ask for more. Thank you every single person, whether it be teachers, coordinators and staff members, who made this journey extremely fruitful and enriching.

**AASHNA PANDYA, NISV, IB** \_\_\_\_\_

"Entering the School's portico, I was awestruck by the sheer size of the grounds beyond, reflective of the larger horizons that lay in store. As a hesitant and shy 9th Grader, I strove to prove my mettle in both academic and sporting fields, at the same time extremely eager to make new friends. The numerous opportunities helped boost my confidence, simultaneously nurturing my perseverance, resilience and leadership abilities. Initially wary and wide-eyed, I was soon engulfed in the warmth of the atmosphere, allowing me to blossom. Never penalised for making mistakes, I was constantly encouraged to learn from them. As I set out on the journey of self-discovery, I started asserting my beliefs, rather than shying away. This Institution has helped me come into my own, inspiring me to unravel myself and discover uncharted dimensions, beyond a high-spirited girl obsessed with reading and everything Harry Potter. For all this and more, I shall forever be grateful to all my mentors and friends."

**KRITHI GANESH, NISV, IB** \_\_\_\_\_

"This journey has been an incredible one. I've been able to experience so much within these two years. From leading Seekers House as one of its Captains to white water rafting and bungee jumping at Rishikesh to planning the Funfair and so much more to countless nights of gruelling study in preparation for the exams. Being apart of the IBDP batch of 2019 has been an amazing experience for me."

**JASH ASHER, NISV, IB** \_\_\_\_\_

It was a wet monsoon day when I first walked the marble pathways of school. Six years later, on an overcast afternoon, I stand on the same orange marble, bidding goodbye. Much has changed during these years. Faces are now friendly, voices recognised. Even the road to school has been fixed. At NISV, school was about much more than studies. It was about those precious ten minutes of soccer after lunch, those last minute group dances for all types of occasions, the daily renditions of the school song on the keyboard for morning assemblies, the unflattering videos for subject presentations, and a plethora of other activities that have forged the bonds and memories that will stay with me forever.

Regards,

**KAIRAV SHAH, NISV, IB** \_\_\_\_\_

'This school has taught me several important lessons, including those of confidence, sportsmanship, friendship, and most significantly, the creation of memories. The past 7 years have given me a platform to build my future, think globally and have made me a better version of myself, ready for whatever obstacles life has in store for me in the near future. Moreover, I can say that I will always have a special place for NISV in my heart and I will always cherish these beautiful recollections of my time in school.'

**SAMIKSHA PATANGE, NISV, IB** \_\_\_\_\_

These 15 years at NISV have offered me valuable friendships, unforgettable memories and a platform to build my future and shape my character. I still remember being the little girl with nervous butterflies in her tummy, walking through the colourful and exuberant corridors of the school, wondering what the next few years would bring. Little did I know that the last time I would be walking these corridors, I'd be immersed in nostalgia, thinking about all the laughter, lessons, and stories shared there. I've also seen the school grow and evolve with me, the auditorium turning into classes, a whole new floor rising. I will miss the smell of Seema ma'am's food wafting through the corridors, relaxing under the neem tree and many more such precious memories I've made in NISV. I have become stronger, more independent and fearless, all thanks to the teachers and opportunities that NISV has blessed me with.

# In Retrospect

NISV , a place where sports and academics run hand to hand ! Really grateful to have studied under such good faculty and the exposure I got from there couldn't be compared to any other ! I also had a great time playing football over there ! Thank you everyone for making it the best years of my life !

**SHIVAM PATEL, NISV , CBSE** \_\_\_\_\_

Six years of the exciting and enriching journey came to an end with memories of our teachers, who gave us the strength and time to stand on our legs, to, the great friends who never left us in a trouble whatsoever, engraved in my heart forever. From a shy and introvert boy, I have grown up to be a responsible young man. Even though I will be studying in Navrachana University, which is not more than 100 m from the school, I admit to start missing it even when two weeks are left for the university to start. And for the selfless dedication from our teachers, there is only one way to repay it: By excelling in our lives with our capabilities, and making them feel proud that we were once their students. I am taking a bag full of memories that I will cherish every day of my life.

Thank You NISV.

**JISHU GUCCHAIT, NISV, CBSE** \_\_\_\_\_

I've been in this school for almost a decade. I have passed my teen and tween years roaming in the corridors of NISV. Growing together was taught to me. Over time in school, friends became family, and teachers became mentors. School events didn't remain just events, they became celebrations. We had a morning quiz from Jeeval about what we had last night, we had sleepless night thanks to our journals, and we had life skills from all our class teacher after every trouble we caused. I remember the fights we had for small reasons, the troubles we got into, the laughter we shared during lunch time, all of it is just a mere memory but one day we all will sit down and recall them, and tears will roll down towards the smile on our lips. But what I will remember the most is the guts it took to ask Vijayalakshmi Ma'am about anything.

**ISHANI RAI, NISV, CBSE** \_\_\_\_\_

2 years. 2 years of waking up at 5 am playing soccer in the morning and as the first bell of 7:30 am rings running through the same corridors to reach the class before the grade tutor. 2 years of unthinking laughter, the joy of going for the MPE and also the pain of projects and term exams. The fastest 2 years of my life. A new classroom, new friends and a new board. These years have molded and shaped me into what I am today. We all knew one day we must part, but still we continued to live our lives- From minding the school in the assemblies to troubling teachers with our projects, we have done it all. And now that these wondrous 2 years have finally come to an end, I wish time would freeze and take me back to the first day of grade 11 for me live them again. The beautiful memories have carved a monument of trust, respect and friendship not in my mind but in my heart. Bidding Adieu, Batch of 2019.

**SHUBHAM SALUNKE, NISV, CBSE** \_\_\_\_\_

"As it says empowerment, educating and enlightenment. I joined Nisv in grade 9 since then it has become and eternal part of my life. Through the years Nisv has made me stand confident and a better version of myself. From teachers day to organizing the Valedictory it was a very hands on experience at a minute level. I will miss conducting the lunch prayers, my teachers and my peers who have supported me in highs and lows. There are thousands of memories attached to various corridors and the library. It was and will be hard to say good bye. Until then, Nisv Keep flying high!"

**PREET PARIKH , NISV ,CBSE** \_\_\_\_\_

Life at school just flew by so quick and I wish I could go right at the beginning to see it all again. Navrachana, you make us believe in ourselves. You've watched us grow through our laughs and tears. I will miss you the most at every stage in my life. Thank you for giving me the opportunity for all those unforgettable moments. We will meet you every summer and winter break now!

**JINAY H SHAH, NISV, CBSE** \_\_\_\_\_

I don't know how to describe this beautiful journey in such a short writeup. Navrachana gave me my best days and the best family to be a part of, it taught me "be bold, be courageous, be yourself" and here I am as a mature individual ready to be a part of the real world, all thanks to my parents and the navrachana family who made me realise that without hardwork there is no success. School days will be cherished forever

**RAJVI SANGHVI , NISV, CBSE** \_\_\_\_\_

# In Retrospect

"It's mind bogglingly intimidating as to how to encapsulate all that I feel about NISV into the domain of language. NISV has been almost a decade of my life. And it indeed has been a momentous span of years for me. Starting from my first year in NISV when I joined in 5th, I was bestowed the post of Junior Perfect. I was immensely surprised since it was my first year at NISV, and it was a powerful milestone in my life. Since that day I came to enjoy and cherish the inclusive and warm spirit of the NISV community. I was also privileged to be made House Prefect and Cultural Affairs Captain and take up the responsibility to work for school and the students along with leading them ahead. NISV has made me who I am. It has fostered in me the ideals of empathy and compassion, passion for learning, and promoting the core of ethos of life. It has given me a platform to display my interests and talents. NISV has been the foremost institution of my life in all respects, and I don't believe that any other organisation will ever come remotely close to the amount of respect and adoration I have for it.

**VASUDEV PATHAK, NISV, CBSE**

---

15 years ago when I walk down the memory lane, I find a young girl with lots of hope and desires enter the school gate. NISV has moulded this girl to a confident and a disciplined woman. Over the years, the teachers have taught me how to face the world and guided me on my way to achieve my goals. I thank NISV for letting me be me and widening my horizons to not only academics but self growth. I feel honoured to have spent the best years of my life in this school which made me realize my potential, capabilities and of course having the best of lunches on Wednesdays.

**NATASHA PATEL, NISV, CBSE**

---

As I move into a completely different phase of my life, it makes me nostalgic thinking about the 15 years of my life at NISV, the place that became my home, away from home. It will always be the place where I would want to run back to and embrace every single day all over again. But, above all, I would miss the teachers and the amazing friends I made throughout these years I spent at school. It gives me immense happiness and pleasure to have been a part of NISV, learning to nurture, inquire, seek and venture.

**HELLY PATEL, NISV, CBSE**

---

NISV, is always going to be my pillar of strength like it has been for 15 years of my school life. It gives me pride to have had spent some wonderful years in this school. Teachers, Friends, Meals, Sports and all the other activities that motivate me and have made me the person I am today.

**PARAM PATEL, NISV, CBSE**

---

Never just a school, but the corridors of my childhood, the wings that gave flight to my fantasies, NISV will always have the most special place in my heart. I am more than honoured to have spent 15 years at NISV; it has given me the confidence and courage to take up new challenges and millions of learning experiences - the relationship with my teachers and their faith in me being my strength throughout, it has given me friends that I now call family and last but definitely not the least food that still makes my stomach growl at sharp 11:50.

**JEEVAL BANGERA, NISV, CBSE**

---

I still remember how a 4 year old child entered into this glorious school with a water bottle around her neck and a kerchief on her collar with tears in her eyes, ardently wanting to go back to home. But now as I go to college, every single morning I crave going back to school. My Home. It would be difficult not to start my day off by walking through those magnificent halls, peeping out of the window during classes, yearning to gush out in the break time and meet my friends. As I stepped out of my hometown, I found myself between hundreds of people trying to make their mark. It was NISV, it's teachers and students who taught me how to believe in myself and be confident about who I am. THANK YOU!

I miss waiting for Wednesday Lunches and doing silly things for that one extra Mendu Vada. Organising events like the Funfair and the Valedictory will always be the most cherished moments of my life. Once a NISVian always a NISVian. Cheers to NISV.

**HRIDAYA SHINDE, NISV, CBSE**

---

# Life at Boarding

The Academic year 2018-19 began with 54 Boarders. Life in NISV Boarding is full of happening events through the entire year which engages the children productively at all times. At NISV we believe in nurturing the children in our charge into sensible, disciplined and responsible youngsters. All boarders were placed into 4 different teams for various competitive activities and games, which contributed to the social and emotional well-being of our students.

Life in a Boarding is an orderly one to keep our boarders charged and on their toes always. Ramatgamatma' with the underprivileged children from the neighbouring village communities, a Movie show on Saturdays, dedicated IT time, Personality Development & Life Skill sessions, Friday Evening Games and Monthly Outings are some eagerly awaited activities. Apart from this, Birthday celebrations, the Boarders yearly outbound trip and participating in the exciting Vadodara Marathon, with the added attraction of a festive buffet lunch in a good hotel are added attractions.

Their presence in Soccer, Basketball, Swimming, Handball, Cricket and the school Annual sports program is commendable, earning many accolades and awards. Their memorable on-stage performances also merit acknowledgement.

Each year has its share of beautiful memories. As we leave this year behind, we look forward to the new year in anticipation of another fulfilling year at the NISV Boarding.

**Krunal Oza**  
House Parent

# Outstanding Performers - IGCSE Toppers

Here's a new milestone in the success stories of our children. In the IGCSE Examinations held in Nov 2018 & March 2019 session, the following students have left an indelible mark with their remarkable achievements -

**CONGRATULATIONS TOPPERS!!!**

CONGRATULATIONS!

Students, it has been a long, hard road, but you have accomplished your goal. Your dedication, enthusiasm and your relentless pursuit of excellence is really inspiring.

You have made NISV proud!

We are over joyed with your success.

Shine on!

**Soham Santra 6 A\*, 1B**

**Sia Shah 5 A\*, 2A**

**Saksham Trivedi 5 A\*, 1A, 1B**

**Sagarika Menon 4A\*, 3A**

**Darsh Choksi 4A\*, 2A, 1B**

# Outstanding Performers - IB DP Toppers

Well-done Class of 2019 for an outstanding performance in IBDP May 2019 Examinations!

33 out of 34 students, were enrolled for the full Diploma Programme, and 1 student for IB Course.

94% of NISV students were awarded Diplomas against the world average of 77.4%. The school average diploma points were 33 points against the world average of 29.63 points. Pranshu Dave and Kairav Shah topped the class with 42 points each, followed by Vivan Patel with 41 points while Jash Asher, Amaan Patekar and Aum Pathak scored 39 points each.

Congratulations dear Teachers for all the effort and thank you parents for all the support.

Pranshu Dave, 42 Points

Kairav Shah, 42 Points

Vivan Patel, 41 Points

Jash Asher, 39 Points

Amaan Patekar, 39 Points

# Outstanding Performers - CBSE Grade 10 Toppers

We are proud to share that the following students have done NISV proud by scoring excellent marks in the grade 10 CBSE exams 2018-2019.

Suhani Singh , 94.4%

Anshita Zalavadia , 94%

Aryaman Bansal , 93.8%

# Outstanding Performers - CBSE Grade 12 Toppers

Congratulations to all students, teachers, parents and the entire NISV team for the outstanding Grade 12 CBSE results!  
100% Result

Hridaya Shinde - 95.6 %  
Science Topper

Nitya Dalmia - 94.4 %  
Commerce Topper

Ritu Bhavsar - 95 %  
Humanities Topper

# Outstanding Performers - Olympiad Achievements

Olympiads, with their diagnostic trends, provide an important platform to scaffold learning. A blend of different curricula, they enhance student knowledge of subjects like Maths, Science, English, Technology, GK, SS and French, improving spellings and language proficiency as well. Programs like LEAAD Awards contribute in grooming the leader within them, where they demonstrate their talent and leadership qualities, providing them opportunities to work for the benefit of society. Throughout the year, the students win medals, trophies, cash prizes, scholarships and bring laurels to school. We are proud of our students and we wish them good luck for their future performances in Olympiads.

# Landmarks - Annual Concert

'The Don... Romancing life with Don Quixote de La Mancha', an exciting tale of the fabled Don Quixote, set the stage for a mesmerizing evening. Brilliantly conceived, this memorable knight-errant, created by Miguel de Cervantes and brought to life by NISVians, was nothing short of bedazzling, bewitching and bemusing!

# Landmarks - NIMUN 9

NIMUN 9, a challenging simulation of the United Nations Organisation was attended by student delegates from schools across India. A vibrant academic cocurricular activity, it witnessed vigorous debates on real life international affairs to consider possible solutions benefitting the global community. The congruence of our motto, 'In Pursuit Of a Humane World' with the sentiment, "We are a world in pieces and we need to be a world in peace," voiced by Mr. Antonio Guterres, Secretary General of the UN, was established.

# Landmarks - Pre-Primary and Grade 1 Concert

The concert theme of 'Ignite... the spark in you' was a recipe for passion and imagination. Through the exuberant story-telling of Vikram and Betal, Tenali Rama, Gulliver's Travel, The Blue Jackal, Aladdin and his magic lamp and the Ramayana, the tiny-tots cast a powerful spell on the audience. The sugar-sparkle smiles on the faces of the audience said it all!

# Landmarks - Boarding Concert

With limitless energy , enthusiasm and high spirits, NISV's boarders showcased their talent in singing , dancing and acting during this beautifully crafted programme. From the vibrant Bhavai, the popular folk theatre of Gujarat to the evergreen folk songs , the performance was nothing short of engrossing. The play, highlighting the plight of the senior citizens, struck a chord in everyone's hearts.

# Landmarks - Funfair

Fiesta De Melodia was a fun-filled extravaganza of melodious music, power-packed dancing, colourful stalls of scrumptious food and exciting games. To add to the delight, was the hair-raising and spine-tingling Haunted House ! 'Shramdaan' the charity stall evinced the spirit of generosity among the visitors. The art exhibition was a veritable treat to the eye. All in all, an infectious evening of merry-making!

**"Don't read success stories, you will only get message.  
Read failure stories, you will get some ideas to get success." - Dr. Kalam**

# Landmarks - Valedictory IB

With the night resplendent with the soft glow of candles under the canopy of glimmering stars, NISV bid a fond adieu to the Batch of 2019 as they prepared to step out of the portals of the school. Though a solemn occasion, the evening wore an air of conviviality, enlivened by humorous snippets about the outgoing students.

# Landmarks - Valedictory CBSE

With a sense of nostalgia, gratitude and cheer, NISV bid a warm farewell to the Batch of 2019 as they set out to take on the world. A prayer on the lips and a fervent wish in the hearts for the well-being and success of the students marked the occasion.

# Landmarks - Navratri

It was celebration time once again ! Adorned in vibrant , traditional attire, students and parents alike danced with gay abandon to pay obeisance to the Mother Goddess. Popular Gujarati folk singers, along with the students, sang foot-tapping numbers and kept the adrenaline flowing. Theme-based competitions electrified the atmosphere .The two evenings were, indeed, memorable !

# Landmarks - PYP Exhibition

The PYP exhibition on “ Pollution” under the trans-disciplinary theme of 'Sharing the Planet' was a rite of passage to celebrate the transition of learners from primary to middle school. With a pledge to make NISV noise-free and to spread awareness about noise-pollution, the students observed a 'No-Honking Zone' at school and displayed posters at strategic points in the city. What better way to explore the multiple perspectives on this issue than through models and experiments to show the adverse effects of pollution.

# Inter-House Activities

The House system encourages every student and member of staff to feel a sense of belonging and pride. All house members are encouraged to exhibit team spirit as all of the Houses thrive on the ethos of "playing your part".

Inter-house activities are aimed at facilitating holistic development in co-scholastic areas. They develop students' social, team-working and organizational (amongst other) skills. And in the process reflecting the ethos of the school.

The students learn the importance of fair play and sporting behaviour towards character building, most importantly, to be humble in victory and graceful in defeat. The teachers support the students and take pride in their effort.

# Career Counseling

Career Counseling @ NISV is an important supporting service provided to students of Grade 9-12, which includes providing individual personal career guidance, facilitating Aptitude Test and Counselling Session by professional agency at school campus, hosting University visits to campus and thereby providing interaction opportunity with various university representative from across the globe, organizing Career Fest where students get opportunity to interact with professionals from various fields and know more about practical aspects of various careers. NISV is also PSAT, SAT and SAT subjects test center and also provides coaching for both PSAT and SAT. Career Counseling is functioning under VIVARTA – Counseling Department, along with other counseling services.

# Counseling - VIVARTA

'Vivarta' counselling center at NISV, believes in equipping all the stake holders of the school to facilitate the journey of the students holistically. To ensure that students fare well in their lives, it is important for them to balance their lives. Teachers play a significant role in helping them achieve this balance. Our team of counsellors work regularly with teachers and organize various workshops for them in understanding student needs to assist them to the best of their abilities. Teachers are informed, extensively, about the psycho-educational difficulties, learning difficulties, about the emotional intelligence of the child to ensure that the quality of the life of the student is enhanced. Also workshops are conducted on topics such as learning styles, group dynamics, teaching strategies, knowing thyself and POCSO. Hypnotherapy session for teachers to facilitate stress management have been conducted in last academic year.

Understanding Special Needs	All Staff Members
Self-Awareness	All Staff Members
Emotional Intelligence	All Staff Members
Hypnotherapy	All Staff Members
POCSO	All Staff Members
Group Dynamics	CBSE Staff
Team Building	CBSE Staff
Classroom Management Strategy	CBSE Staff

# Visitors' Speak

17/8/18	Peter & Leigh Rye Brewwood Industries	Thank you so much for your warm welcome. We look forward to seeing you again in November with our school team!
31 Aug 18	Lt Gen Sumet Singh (Retd)	I feel privileged to visit the school on a very special occasion of NISV-2. I enjoyed the excellent hospitality of the school and was impressed by the level of participation and involvement. My compliments to Mrs Tajul Amin, the chair person and Mr D'Souza, the Principal. <i>Sumet Singh</i>
01/04/2018	Georg Sparschuh	It's a pleasure seeing such engaged and passionate students and teachers as well. I would have wished for having such a quality school in my young years. Conserve your memories of education in your life. It's a big value. <i>off field</i>
28/09/18	M. Rang Parikh	It was my pleasure to be at NISV. I really appreciate the efforts put by the school to bring awareness about various professions. The school has the brand name in our city; we wish the school to achieve new heights in the field of education. You are a foundation to nurture Gen X of this Country. <i>mrp</i>

# Visitors' Speak

28/9/18	Hiraz Shah.	Was a pleasure to <sup>be</sup> part of such an enterprising conversation. As always impressed with deep and focused questions. Wishing all aspiring architects good luck. (hiralarchitect@gmail.com).
28/9/18	ADITI TIWARI	It is always a pleasure to be at NISU. had great interaction with the kids. I hope they feel inspired and achieve what they choose to. You can reach me for any queries on my email amazingaditi@gmail.com
28/9/18	Hiren Gandhi	I felt young once again coming between young minds. Needless to say I felt challenged by the children. I appreciate what kids asked me and hope to be back again whenever called upon. Hope to get children's feedback too!
22/9/18	Prajakta Bhogle. prajakta.bhogle@gmail.com 9913560852	Great interaction with the students! Was indeed a pleasure to be able to connect with the young creative minds. Wishing the staff & students of NISU the very best!
	Kalpa Rathi	As expected, I had a fantastic time with the enthusiastic students and the turnout was super awesome for this subject. So many students dream of becoming entrepreneurs!!

# Visitors' Speak

28/9/18	Dr. Kuhu Roy kuhu87@yahoo.com 9898468153	It was lovely interacting with the students. Best wishes to the students and congratulations to the staff for organizing it. Hoping to come back to give an exclusive lecture on nutrition.
---------	--	---

28/9/18	BHARGAV. PANCHOL NAVRACHANA UNIVERSITY ASST PROFESSOR. <u>MASS COMM. &amp; JOURNALISM</u>	Very interesting & kids are very good & nice. Will be happy to help if they have any more queries on Mass Comm. & Journalism. Thanks for the opportunity.
28/9/18	Suman Patil SIC LIFESCIENCES PVT LTD.	Good to share & interact with kids. Appreciate their curiosity. Maybe some site visits will help them understand better. Thanks.

28/9/18	Sagar Mehta HDFC	v. good experiment. Academic & Industry interaction at higher frequency leads to professional satisfaction of "giving back". Thanks
28/9/18	Sujal Gandhi	
29/9/18	Shankar. Ansalidkhar. FLAMS. University.	Excellent hospitality. Look forward to see you soon.

# Visitors' Speak

1/11/18	Helen Najarian - Leeds	Such a honor to visit NISV! Thank you for your hospitality!
2-11-2018	Steven D. Lisk	Wonderful experience to be inside your school!
2-11-2018	Michelle D. Sanders	Thank-you! Love NISV! 😊
18-12-2018	Sataaki Utohi Masaki Matsumura	I'm glad to visit here! Thank you. Thank you very much for your great job!
24-1-2019	Prof. Arun Arya Ex Head Dept of Env. Studies MSU Baroda 9377361673	I am thankful to Principal Nav Radhina Int. School, for inviting me to the school I was really impressed by hospitality extended by staff.

		I had a chance to talk to students, they were enthusiastic and eager to know more. I salute the teachers for imparting them value education and keeping them in good discipline. Thanks Arun Arya
24/01/19	DR. K. C. TIWARI Professor of Geology (Retd.) M.S. University of Baroda	I am delighted to put on record my visit to NISV during the Regional Science Fair - 2019. It gave me an opportunity to interact with the student community and the teaching faculties. I am highly impressed by the neat and clean campus with environment friendly ambience.

# Visitors' Speak

		<p>I am thankful to NISV management for giving me an opportunity to visit the campus in the capacity of judge. I wish all success in school's endeavors.</p> <p><i>(Signature)</i></p>
	<p>Prof. Mini Sheth Dept of Foods &amp; Nutrition Faculty of Family &amp; Community Sciences The M.S. University of Baroda, Vadodara.</p>	<p>Many Congratulations to the team of organizers of NISV for organising such a spectacular art &amp; science exhibition under the able leadership of Dr. D'Souza. I am thankful to the principle for giving me the opportunity to judge the exhibits. Best wishes for future endeavours.</p> <p><i>(Signature)</i></p>

24/1/19	<p>Dr N. Sharma Dept of Health Faculty of Science M. S. University of Baroda Vadodra - 390 002</p>	<p>It was a very nicely organized event. Organizers have taken points into account minute details of the programmes, which has ended concluded well. I must congratulate the organizing team, NISV and wish well to the winners of the team under different sub-themes.</p> <p><i>(Signature)</i> 24/1/19</p>
