About us

The Logo - Our Identity

The three leaves of the Peepul tree, the tree under which Lord Buddha attained enlightenment, form the school logo. It signifies the three vital facets of one's mental, physical & emotional growth that Navrachana translates as "New Creation." The emblem thus embodies the ideal of the school to synergise these qualities to groom self-assured, balanced and multi-faceted individuals, who strive consciously to enhance their potential.

School Motto

Educating, Empowering, Enlightening

School Mission

NISV's Mission is to:

- Educate, all those who enter its portals, making them life long learners.
- Provide co-curricular and residential facilities of the highest standards in a safe and secure environment.
- Engage the very best tutors to implement proven national and international curricula.
- Teach through contemporary but appropriate methodologies and technologies.
- Develop qualities of tolerance, humility and compassion in an environment pervaded with the Indian ethos.
- Foster attributes of inquiry, critical thinking, creativity and leadership.
- Nurture inherent talents and interests of its students and make them dream the dreams that will shape their lives as caring responsible global citizens.

Facilities

NISV has one of the finest school complexes in Vadodara city. A beautifully structured, well equipped and centrally air-conditioned building stands amidst sprawling lush green surroundings. The overall growth and development of its students is the guiding principle, and to this end the infrastructure and facilities necessary for a modern academic institution are provided for.

- 1. Study Centers:** The centers have the requisite equipment and resources for day-to-day educational pursuits, with comfortable seating arrangement for students. These are well equipped with ICT facilities.
- 2. Science Laboratories:** The laboratories are equipped to ensure high standards of safety, and support the core programs of learning science from an early age. Experimentation skills are taught and encouraged under the supervision of trained tutors.

3. Information and Communication Technology (ICT) Center :

The Use of ICT is in evidence throughout the NISV campus with sophisticated networked nodes, SMART rooms, computer system installations and fast Internet connections. The installed Internet connections, e-beams, digital projection and audio visual systems, and a host of ICT hardware enhance the quality and depth of learning for the student as also for the teaching community at NISV. The school has successfully integrated a computerized process of administration, be it for preparation of report cards, fee slips, communicating with parents, managing the school finances etc. The school's website contributes immensely in the dispersion of information and interactive communication capabilities.

- 4. Media & Resource Center :** The Central Library, planned for over 30,000 books, tapes, CDs, VCDs and DVDs, is staffed by qualified librarians and equipped with

networked computers linked to a filtered Internet service. Ample facilities have been accorded for reference reading and research. Extended Library facilities are provided in study centers, tutors conclave, boarding houses and other learning centers.

- 5. Open Air Theaters:** The huge quadrangle, a unique open air theater has the capacity to accommodate about a 1000 people for any function or event.

“Expressions”, another stage in front of the Performing Arts Center is a beautiful venue for public functions.

- 6. Multipurpose Hall / AV Rooms:** Seminars, competitions and meetings are conducted regularly in the hall for the staff, the parents as well as the students. These have the latest technological equipment to aid performance and presentations.
- 7. Kitchen & Dining Hall:** A hygienic and fully staffed kitchen

prepares food which is wholesome and nourishing. Tutors and students enjoy a varied menu everyday, in the very large, well-ventilated & clean dining hall.

8. Sports Centre: The school has Volley ball, Basket ball and Tennis courts, an Olympic sized Swimming Pool, as well as fields for Football, Cricket and a 400 mts Athletics track. The practice nets for cricket encourage students to achieve excellence. The Indoor sports area is equipped with Table Tennis tables and a ROBOTIC TABLE, for the students to play and practice on. Carom and Chess are the other indoor games which the students enjoy playing.

9. Performing Arts Centre: The Performing Arts center caters to both Western and Indian forms of music, dance and drama. This center, in more ways than one, is the nerve center of the school, since it facilitates the inter-disciplinary approach of the teaching learning process, adopted by the school.

10. Visual Art Centre: The school has an impressive Visual Arts Center for imparting training in various disciplines, enabling students to gain interest and basic skills, which they may choose to pursue later.

11. Infirmary: Qualified nurses have been appointed to look after the students. In case of any illness or accident, first aid is provided immediately to the child at this center. Medical Specialists are called and consulted on a regular basis.

12. Counseling Centre - Vivarta : Vivarta caters to the needs of students, parents and staff members. The literal meaning of the word Vivarta is transformation and with this, the centre plans to positively transform the lives of all the stakeholders. Vivarta provides services regarding Student Counseling and Career Counseling.

Students Counseling: A school is an institution which strives to nurture

a child into becoming a complete human being. A school-going child passes through different phases of development, both physical and mental. Recognizing the need to steer our children through their adolescence, the school contributes significantly to their emotional, intellectual and physical growth through its team of counselors, which is an important support system that helps the child to pass through the learning process with comparative ease.

The team as a whole deals with problems such as emotional and social maladjustment, arising out of various constraints, cultural disparity and the conduct of adults in his/her environment. Our counselors offer student guidance in the areas of physical and social growth by helping them to better understand themselves and the society they live in. They also aid students in planning their academic and social goals; and assist them in dealing with personal adjustment issues. These objectives are

accomplished through group or individual counseling and by collaborating with parents, tutors and the school administration.

We welcome parents to take help from our resource team, whenever needed and help us to help the child become a well-adjusted and balanced individual.

All discussions with the resource personnel are strictly confidential and privacy is assured.

Career Counseling: Students are assisted in planning their academic pursuits and careers. A number of career sessions and interactions with University officials and experts from different fields are organised for the students to help them chart their future goals. They are also helped to identify the universities based on their interest, aptitude and capabilities. Students are also assisted in application process for their Undergraduate admissions.

13. Student Hostels: NISV has two

student hostel complexes - one each, for the boys and girls. The three - storey student residences have been designed for safety, comfort and aesthetic living. Air-conditioned bedrooms accommodate three students, each having his/her own bed, wardrobe and study table. A study lounge with an ICT network node, on each floor is a unique feature that enhances a private study environment. Pastoral care is provided by the House Parents, and Resident Staff.

14. Staff Quarters: Resident teaching staff are provided well designed spacious flats.

15. Management Zone: Parents and visitors are welcome in this area. It houses the school Reception Area, Finance, Human Resources, Public Relations, Admissions, the Principal's Office and the Trustee's Office.

16. Pre Primary Wing: The very colourful, state-of-the-art pre-primary wing is equipped with a Kids Library, Art Corner, Role Play

Room, Mini Theater, and a large open area loaded with interactive toys & materials to explore, learn from and grow with.

PTA

The NISV IB PTA is very active and involved with the students and staff. The PTA plans & organise the school annual “Funfair”, the Navratri Celebrations, besides supporting various activities & social outreach programmes organised by & for the students.

The PTA Executive Committee meets once a month to review and consolidate their work.

Scheme of Studies

IB Primary Years Programme (Nursery to Grade 5)

The PYP is a trans-disciplinary model where themes of global significance transcend the confines of the traditional subject areas. The PYP at NISV represents the scope & sequence of all traditional subjects (language, math, science, social studies, performing arts, visual arts, PS PE) meeting the standards of the National Curriculum Framework of the NCERT, New Delhi. Learning strategies develop connections of these traditional subjects with the real world, laying emphasis on knowledge, concepts, attitudes, skills and action for future.

IB Middle Years Programme (Grades 6 to 10)

The MYP consolidates the Primary Years Programme, thus maintaining the required continuity, keeping in mind minimum levels of learning and the IGCSE requirements in the future. It is designed to enable students to move

seamlessly into their board examination patterns.

The new MYP design creates an innovative concept based on an appropriately assessed programme for 11-16 year old students that reflects the IB principles of teaching and learning completely. The Personal Project is mandatory for Grade 10 students. All the students follow the inter-disciplinary approach in the academic disciplines of Mathematics, Language and Literature, Individuals and Societies, Design, Arts and Physical & Health Education. They undergo mandatory training in Performing Arts (Grades 6 to 8), Physical & Health Education and Personal & Social Education.

The subject groups are...

Language and Literature - English
Language Acquisition - Hindi / French / German
Third Language - Hindi / Gujarati
Individuals and Societies - History, Geography, Social and Political life (Gr. 6 to 8)
Economics, Business Studies(Gr. 9 & 10)

Sciences - Integrated Sciences (Physics, Chemistry and Biology)
Mathematics - Standard Mathematics and extended Mathematics (Grades 9-10)
Arts - Visual Arts & Performing Arts
Physical & Health Education - Physical & Health Education
Design - Digital Design

The Personal Project which forms the core of the programme, is mandatory for each MYP student of Grade 10 and shall be moderated by the IBO. Service as Action is mandatory for Grades 6 to 10.

The International General Certificate of Secondary Education (IGCSE) - Grades 9 and 10

IGCSE is a popular international qualification for 14-16 year old students. It develops successful students, providing excellent preparation for their next step in education, including progression to Grade 11 of the State and CBSE Boards, Cambridge A and AS Level study or the International Baccalaureate Diploma (IB-DP), and equips them with skills for immediate

Core Requirements

- Theory of Knowledge, Extended Essay and Creativity, Activity, Service

Note - You must choose one subject from each of the groups 1,2,3,4 and 5. You need to choose another subject from the group 6 OR groups 3-4. Only courses with sufficient demand will be offered. Other subjects can be added to the list depending upon student's requirement. The core elements of IB DP TOK/EE/CAS are now available to IB World Schools as individually recognized stand alone courses.

What are these?

Theory of Knowledge (TOK): This subject helps students find answers to questions such as, What is knowledge, and what is not? How is it used, and by whom, and with what purpose? Students learn how to think and express themselves in a logical and clear way.

Extended Essay (EE): This subject requires students to write a 4,000-word research essay of high academic standard, whereby they learn to apply effectively, university level academic methodologies. It not only strengthens students abilities to ask the right questions and look for the right answers, it also prepares them to think and formulate the conclusions they have

realistic. The structure and content of internal examinations are based on the requirements of the content and nature of the IGCSE or IB examination syllabus.

Grades 6-9, 11 have two semester examinations per year. Internal assessment through a formative and summative approach is done throughout the year.

In Grade 10 there will be one practice and two 'mock' examinations. While in Grade 12 there will be one practice and one 'mock' examination.

There will be External Public Examinations for IGCSE (Grade 10) & IB DP (Grade 12) students

1. For Grades 10 & 12, since the final result is based on the entire year's performance, it may be noted that NO RETEST for any reason whatsoever, will be conducted after the semester examination.
2. For Grades 6 to 8 Performing Arts, Visual Arts, Physical Education are the part of the curriculum and will be assessed each semester.
3. The report card (Grades 1-5) will

be descriptive in nature based on specific rubrics as per the IB PYP requirements.

4. The report card (Grades 6-10) **IBMYP will indicate the following features:**
 - (A) Approaches to learning skills
 - (B) Levels awarded for each criterion of a subject as per IB MYP specification and its descriptor in brief.
 - (C) Level total of each subject.
 - (D) Grade point(1-7) of a subject determined by level total of a subject.
 - (E) Descriptor of the grade as per IBMYP specifications.
 - (F) Learning Outcomes of Service as action activities.
 - (G) Attendance.
 - (H) Height and weight.
5. The grades given on Grades 9-10(IGCSE) reports relate directly to the grading system for the IGCSE.

Letter grades	Range of marks
A*	90% - 100%
A	80% to 89%
B	70% to 79%
C	60% to 69%
D	50% to 59%
E	40% to 49%

F	30% to 39%
G	20% to 29%
U	Ungraded Or not offered

6. The Grades Points for IB DP (Gr. 11-12) will be awarded as per IBO regulations.

Predicted grades for university admissions are usually issued by December of IB DP Year 2. The students' DP Year 1 exam results & DP Year 2 practice examination results will be considered for the predicted grades.

Promotion Policy

Promotion is based on the cumulative performance throughout the academic year. Please note, that a student's report also includes academic assessment conduct, discipline, participation in school activities & community service.

- 1. Nursery to Grade 5**
A non-detention policy is favoured in these classes unless detention at a particular level is advised by Grade Tutor/Coordinator.
- 2. Grade 6-10(IBMYP)**
A student must ensure a minimum of Grade Point 3 in each subject to

Conferences

(A) Student Led Conferences (SLC) are held to empower and enable the key stakeholders in the school viz- the students themselves along with their parents and teachers. The aim of such an exercise is to help every student to set realistic goals in academics, personal and social (attitudes, appearance, emotions etc.) areas. This will not only build the child's confidence, but also initiate him/her to be a thinker with a sense of responsibility and pride in his work.

Two SLCs have been scheduled and the documents of goal setting will be kept in the dossier of the child for future reference by the Grade Tutor. It would be conducted by the child.

(B) Teacher Parent Conference (TPC) is held to meet and discuss a child's achievements as well as concerns. Parents would be requested to send their concerns in writing in advance on the query sheet. This would

enable teachers to address their queries and utilize `time effectively.

(C) Career Conferences “Designing Tomorrow” would be held for the students of Grades 9-12. These conferences are aimed at giving the students an exposure of varied possibilities that exist in the world of tertiary education & the future. Eminent, experienced and knowledgeable resource persons are invited to share their experiences and valuable information to encourage students.

(D) Parent Conferences are scheduled to orient parents about new paradigms in education, techniques of parenting or updates on the systems of education at NISV.

Study Aids

Students from Grade 8 and above will need a scientific calculator, IGCSE students require a Casio FX-series and IB Diploma students a Texas Instrument - TI 84 Silver Plus Edition Graphic Display Calculator, as only these models

are recommended for use during examinations. Diploma students are permitted to bring their laptops/tablets to school when required. Please ensure that all items are clearly marked with permanent marker as the school takes no responsibility for loss or theft.

Co-curricular Programmes

Education at NISV goes far beyond the grade room. All students, without exception, participate in co-curricular activities from Monday to Friday. Activities include Visual Arts, Performing Arts, Yoga, Sports, Outbound Programmes and Community Service. Weekend activities include trips and outings. There is a full program of activities for the resident students.

Extended Learning through School Cinema Programme

School / student age appropriate movies are screened to enable the students to groom their learner profile. Discussions held after the screening are most rewarding as they are very reflective in nature.

NISV Field Trips / Outbound Programme

Based on various topics and the Program of Inquiry, field trips would be organised to give students a hands on experience, consolidate and make learning enduring.

The NISV Outbound Programme is organised once a year to develop life skills and a collaborative & cooperative attitude. These could include trekking, camping, picnics, cultural/field trips and visits to other schools. Students are always chaperoned by members of the staff.

Parents are requested to give permission to students to join school-organized trips within and outside Vadodara via the "Parents Consent Form" given in the Link Book.

Student Council

NISV's focus is to promote students in decision making roles directly in partnership with the tutors of the school. The intention is for student office bearers to help in the smooth running of the day to day co-curricular and sports activities of the boarding / school by assisting in supervision and overall execution of the activity.

1. The 'Student Council' comprises of a Head Boy, a Head Girl, four House Captains and Prefects, Sports Captains, Chief Editor, Asst. Editors, Community Outreach Captain, Disaster Management Representative, Cultural Affairs Captain, Boarding and Class Representatives.
2. The student council nominations

House System

The school is divided into four houses - Nurturers, Inquirers, Seekers and Venturers. The houses are the focus of many of the important educational activities which take place outside the grade room. They promote a spirit of healthy competition in sporting and cultural activities. They also create a sense of belonging to members of the school from different grades. Each house has a tutor coordinator, a House Captain, a Vice-Captain and Prefects.

Inter House Activities and Competitions

A number of inter-house activities / competitions are held throughout the year on Fridays as per the 'Year

Planner'. There are demonstration sessions/ practice time and performance / competition time. Performance standards are recognised as "highly commendable", "commendable" & "good performance".

1. List of all Inter-House Activities are notified in the Year Planner (Approx 12-14 activities per year /per group)
2. Students are required to attend all activity demonstration sessions.
3. To maximize the involvement of all the students, participation is allowed in four Inter-House Activities only.
4. The highest aggregate points in all competitions determine the "Best House in Co-curricular Activities".

Admissions at NISV

Before applying for their ward's admission to NISV, parents and guardians are advised to consider the following:

(1) Admission Criteria

Subject to availability of places, NISV offers education to all children.

Normal minimum age on 1st June in the year of entry are as follows:

GRADE	AGE	GRADE	AGE
Nursery	03+		
Prep. Jr.	04+	Prep. Sr.	05+
1	06+	2	07+
3	08+	4	09+
5	10+	6	11+
7	12+	8	13+
9	14+	11	16+

As the medium of instruction is English, up to grade 3 children are required to be able to understand the language comfortably. However, students admitted to the Middle School need to be fluent in English communication.

New students will normally not be admitted to Grades 10 and 12, i.e. in the middle of the two-year IGCSE and IB Diploma courses respectively.

(2) Admission Procedure

NISV is an independent school and admission is entirely based on the school admission policy. Parents are requested to meet the Admissions Officer to understand the admissions process.

Application for admission is made through the online Admission Form with the printed Brochure available on www.navrachana.edu.in and at the school office.

Admissions take place throughout the year, usually on the first Saturday of the month. In the absence of a vacancy in

the desired grade, successful students will be wait listed and considered for the first available place. Parents are strongly advised to apply for admission to NISV as early as possible.

Once admitted, parents will have to pay the stipulated fees. They also have to submit the transfer certificate, scholastic record, transcript and personal recommendation filled in by the existing school, and supply the school with copies of the last two reports. Proof of date of birth, citizenship and a declaration from parents stating the country of employment/work with documentary evidence.

The school website also carries detailed information.

For further admission inquiries email...

nisv@navrachana.ac.in

(3) Fees (at the time of admission)

The fee structure of the school can be

obtained from the Admissions In-charge or downloaded from the school website. The fee structure is revised annually and amendments/escalations are hosted on the website at the appropriate time.

(4) Imprest Account

An Imprest Account is put into place to avoid cash transactions through the student, for such activities like entry to competitions, olympiads, costumes, trips, books and stationery, etc.. All charges for the above mentioned activities will be debited to the student's account with prior approval/information to the parents. A detailed statement of the expenses incurred under this category will be issued at the end of the year.

(5) Mid Semester Admission

If a student is admitted in the middle of a session the fee payable for the semester shall be calculated on pro rata basis for the balance period for which the student shall attend the school considering the date of joining as the 1st

day of the month of joining.

(6) Expelling from School

If the school expels a student for behavioural issues the fee will be charged for the semester in which the withdrawal takes place.

Counselling Services

Schools provide a common ground for children from different walks of life to meet, interact, strengthen existing skills and learn new ones. Within the security of a known world the child prepares to take on the challenges of tomorrow. The ability to adapt, adjust, accept, make decisions and take responsibility for their actions, are among the many skills that children learn at school. Always willing to work with children, Counsellors at our school build a rapport with the students, that assist them to understand their responsibility in charting their growth.

We often provide the vital link in many a relationship; be it Student Parent, Student Tutor or Parent Tutor. As a team, we work with tutors and parents to provide the experiences that children need to achieve success. Academic counselling, personal counselling and career counselling, to name a few, are some of the specialized areas of assistance provided.

Students from Grade 8 upwards are counselled by MYP/IGCSE & DP co-ordinators to make subject option choices at the IGCSE and IB Diploma levels. Students and their parents are invited for personal guidance sessions to help channelize student interests. Representatives of various professions, institutions, colleges and agencies visit the school to interact with students. The school actively assists students in choosing universities and in the application process.

Students' Safety Policy and Insurance

All health and safety measures including group / personal supervision are integrated in the school's systems. However, in spite of the best care and supervision, at school, unforeseen eventualities may occur.

The school's insurance cover for its students is renewed every year. The school's liability is restricted to the amount/sum insured in the Insurance

Policy. This includes injury due to an accident and the subsequent medical expenses for treatment in a hospital or nursing home as an in-patient, or any injury in an accident sustained by any student of the school in case of disability. The benefits under this insurance policy are enumerated below:-

1. Medical expenses for treatment in hospital or nursing home as an inpatient : Rs. 500/- per annum
2. Death (Capital benefit): Rs.50,000/-;
3. Permanent total disablement from injuries : Rs. 62,500/-
4. Permanent partial disablement (% as per tariff which varies from 5% to 70%)

The insurance covers any accidental injury, snake bite, drowning and food poisoning. This is a round-the-clock cover and not restricted to school timings. The insurance policy has been taken from: BajajAllianz General Ins. Co. Ltd., 4th Floor, Atlantis Heights, Opp. Swagat Petrol Pump, Sarabhai Main Road, Vadodara

School Transport System

The school has contracted the services of a transport company that operates its buses on specific routes, depending on the number of students on the route. Whilst the bus contractor try their utmost to facilitate the best possible routes for our students, it may not always be possible for them to drop students at the doorstep or to accommodate requests for changes. Once a route has been finalised, no changes/diversions are entertained, and parents are requested to co-operate. An addition to existing bus stops or revision of routes is entirely at the bus contractor's discretion. Details of the bus routes are available with the bus contractors.

In the event that any special requests are to be made, parents are required to call the contractor, not the driver except during emergencies. In case of a change in your pick up/drop point contact the school authority in charge of

transport. Please ensure that you and your child understand the transport rules, and that you encourage your child to follow them to ensure safety.

Do's

1. Please be at your designated stop a few minutes early; this enables the students to reach school on time. The vehicle will not wait at the stop after the specified time.
2. Find a seat and sit down immediately after boarding the school bus.
3. Remain in your seat through the entire journey.
4. Be courteous to the staff on the bus and follow instructions.
5. Remember that students represent their school; one must treat passers by and those in other vehicles with respect.
6. When disembarking from the

school bus, students must ensure that they carry all their belongings.

7. Behave in a sensible manner whilst traveling in the bus, do not disturb others especially the driver. Bad behaviour can cause accidents.
8. Contact the staff in the bus in case of immediate transport related queries.
9. Bullying any student in the bus is not acceptable.

DO NOT'S

1. Try to board or disembark from a moving bus; it may result in an accident
2. Talk with the driver on a moving bus, it may cause accidents
3. Try to open the door or stand while the bus is moving
4. Throw waste or desecrate any part of the bus
5. Do not damage or vandalise the

A Doctor is called when required.

The school has an arrangement with one of the city's private hospitals "Bhailal Amin General Hospital". In cases of emergency, the patient can reach the hospital in a short while.

Regular medical checkups are undertaken for the students, and their records are maintained, including height/weight information and results of periodic eye, ear and dental checkups. Parents are expected to fill in and submit a comprehensive medical form before admission, and at the beginning of each academic year. These are mandatory, so as the school is able to maintain each student's medical record.

First Aid kits are provided on all school buses and for groups going out on trips.

Parents are required to send a set of detailed instructions to aid their child with specific medical problems such as diabetes, asthma or allergies. Parent of students receiving short or long term

medical treatment are required to discuss this with the school doctor or House Parent (for boarders) prior to the commencement of school so that such information is documented on the medical form.

Students resuming school after a period of absence, including vacations, must provide details of any illness or accident encountered in the interim. In the event of a medical emergency we shall do our utmost to contact parents/ guardians immediately.

Security

The security of the school is in the hands of a security service which runs a 24-hour shift system.

The boundaries are patrolled regularly and all the external gates manned.

Each building inside the campus has its own security guard who regulates exit and entry. Entry and exit of students is governed

by the School's Exit Policy. All visitors first need to register at the entry gate and obtain a visitor's pass before proceeding further.

As a security measure all vehicles entering the school campus must have an NISV sticker on the wind-shield. Vehicles without such an identification will not be permitted beyond the gate. Parents are requested to co-operate in the interest of the safety & security of our students. The school is also under a 24 hour electronic surveillance.

Disaster Management

1. Students will be regularly educated in Grade Rooms / Assemblies about various emergencies which they might encounter.
2. Protection / evacuation drills will be conducted twice a semester.
3. A fire or any other emergency (such

as earthquake, intrusion etc.) must immediately be brought to the notice of the Principal / Co-ordinators, who will sound the alarm. If the emergency warrants it, the Principal / Administrator will immediately summon the Fire Brigade and/or Police.

The alarm signal is a continuous ringing of the school bell (or hand bell in the event of a power failure). On hearing this signal, tutors will immediately:

1. instruct students to vacate the room
2. escort the grade in silence to the assembly point specified for the group.
3. take attendance
4. Report any unexplained absences to the Principal/Section Co-ordinators.

Practical checks will be made and reported to the Principal / Co-ordinators.

1. The Co-ordinator will check their

respective buildings

2. The House Parents will check the hostels.
3. The Kitchen In-charge will check Kitchen areas.
4. The Maintenance In-charge will check the Service block and staff residences.
5. The Admin Manager will check the administrative block.
6. The Librarians will check the Library-Media Center
7. The IT Co-ordinator will check IT hubs.

After all checks have been made the Principal/section co-ordinators will permit students and staff to return to the normal programme.

Safety Drills: It is obligatory for all the students to participate in Safety Drills which the School considers

necessary or as required by law or a s expedient to safety and well being of all students.

Closure of School during Emergencies

The school will remain closed in case:

- (A) there is a curfew in our area or on the roads approaching our area.
- (B) there is a serious warning from the city authorities about floods / earthquake/riots etc.

Note : School authorities will take alternative decisions at their discretion, if the situation other than that mentioned in (A) and (B) warrants it.

In such emergencies all information and school decisions will be conveyed through the school website, newspaper or local TV channels, e-circulars as also the NISV FLINNT gateway.

Communication

It will always be our aim to communicate clearly and effectively with parents. Communication is a bipolar process and needs to be emphasized. If parents do not receive the information they need, they may ask. Ideas that aid in the development of the school are always invited/encouraged.

The school authorities should be informed in writing of changes in email/postal address, telephone or mobile numbers.

As a general rule the first point of contact for information regarding a student should be the Grade Tutor. If the information required relates to boarding, the House Parent may be contacted. The Section Coordinator and the Principal can also be contacted.

Arrangements for appointments should be made with the Receptionist.

The Principal should be contacted regarding requests for leave and confidential or grave problems.

Absence of Parents : If both parents are temporarily away from their home overnight during term time, half-term or occasional holidays the Principal, must be informed in writing of the name, address and telephone number/s of a suitable legal guardian or other adult with whom the student will reside when not at School and who is willing and authorized by the parents to accept full responsibility for the student in all circumstances. These matters are the responsibility of the parents.

Concerns/Complaints : Parents who have cause for concern on any matter including matters of safety, care or quality of education must inform the Principal in writing immediately. The Parents and the School will be expected to resolve any dispute between them collaboratively and in good faith.

Email

In an E-enabled world, the most efficient way to communicate from outside to within the campus or vice versa, is to use email. You are encouraged to make use of this powerful medium for almost every communication. Email IDs of Co-ordinators are available in the "Staff at NISV" section of PARENT STUDENT HANDBOOK.

Link Book

The **Link Book** must be brought to school daily. The Link Book is a handy tool for all communication between the school and the parent. Parents are required to refer to it on a daily basis and respond accordingly.

Any circular / information to be given by the school will be notified in the Link Book. The parents / guardians must sign in the Link Book to acknowledge its receipt. Parents may also use the Link Book for communicating with teachers on various issues.

Circulars on APP

Communication with the parents is established through school circulars and notifications through the school app “Vidyalaya”

A hard copy of circulars will only be sent in case approval or consent is needed from parents.

School Calendar

The School Calendar will be issued at the beginning of each academic year. It has details of most of the events scheduled to take place during the year. Schools are dynamic places, and changes and additions will happen. School Calendar needs to be updated by students/parents

as soon as new information reaches them.

Prospectus

The prospectus describes the broad principles on which the school is currently run and gives some details of its history and ethos. The prospectus is not part of any agreement between the parents and the school and documents supplied in the pocket inside the back cover are not part of the prospectus. Although believed correct at the time of printing, certain statements may be out of date from time to time. Parents wishing to place specific reliance on a statement in the prospectus should seek written confirmation of that statement before accepting admission to the school.

Interactions between Tutors & Parents

Parents may ‘stop by’ at the end of the day with the knowledge that most tutors

will be occupied and will not be able to entertain an impromptu meeting with them. It is more appropriate to make an appointment with the relevant Coordinator's office so that the required ground work may be done in advance and a meeting arranged with the appropriate tutor.

NISV, has developed a tutorial system that provides each student with a caring adult to guide them. Highly dedicated and experienced tutors sensitive to the needs and problems of young children, are appointed as Grade tutor. Each Grade tutor has a group of students in his/her care. In the middle and secondary schools, the Grade tutor is a source of Academic and Pastoral care and is responsible for the welfare, personal development and discipline of his/her ward. S/he is the first line of reference if a student has a problem or is an under achiever. Grade Tutors will regularly liaise with parents to discuss progress, problems and successes of individual students. The parents are required to address their concerns to

Parent teacher interactions are announced in the school calendar with prior intimation given through a circular. These meetings are held specifically to discuss the academic performance of the children.

1. We expect that such interactions are attended by both the parents.
2. Teachers are not available during the school working hours. Kindly take prior appointment to meet the teachers on a working day.

learning, developing their ability to be self- critical and setting targets for consequent work. Students also learn to critically assess the work of their peers by checking learning outcomes in relation to curriculum aims.

b) Collecting information about student learning:

- ✓ Examples of student's work and performance
- ✓ Examples of student reflection and evaluation
- ✓ Record of results

c) Evaluation of the effectiveness of the programme

Programme evaluation uses a variety of student assessment to:

- ✓ Assess student's performance in relation to the general and specific expectation of the programme.
- ✓ Assess student performance in relation to other classes or groups both internally and externally.
- ✓ Inform to and get information from others (students, parents and colleagues)

- ✓ Redesign programme after feedback

3. The Assessment Component

The assessment component in the school's curriculum can itself be subdivided into 3 closely related areas

- ✓ **Assessing-** how we discover what the students know and have learned
- ✓ **Recording-** how we choose to collect and analyse data
- ✓ **Reporting-** how we choose to communicate information

A) Assessing

The assessment of the student's development and learning is an essential component of the curriculum and helps to inform continued development, learning and teaching. Students are observed in a variety of situations and a wide range of assessment strategies are implemented.

At NISV a range of Pre- assessments, Formative assessments and

Summative assessments are incorporated in the homeroom which demonstrate student achievements.

1. Pre-Assessment: Pre- assessments help teachers and students to find out about student's prior knowledge.

2. Formative Assessment: This provides information that is used to plan the next stage of learning. It is interwoven with learning and helps teachers and students to find out what the students already know and can do so that further impetus can be provided in order to improve knowledge and understanding. It provides regular and frequent feedback to the teacher and the student. This process helps learners to improve knowledge and understanding, fosters self- motivation and enthusiasm for learning, engage in thoughtful reflection, develop the capacity for self- assessment and recognize the criteria for success.

3. Summative Assessment: This is the culmination of the teaching and learning process and takes place at the end to provide students with opportunities to demonstrate what they have learnt. It measures the understanding of the central idea of the unit and prompts students towards action. Summative

assessments can assess several elements simultaneously; it informs and leads to improvement in student learning and the teaching process.

Assessment in the classroom includes:

- ✓ collecting evidence of student's understanding and thinking
- ✓ documenting learning processes of groups and individuals
- ✓ engaging students in reflecting on their learning
- ✓ developing clear rubrics that address the essential elements of the PYP
- ✓ identifying exemplary student work
- ✓ keeping records of tests/tasks
- ✓ maintaining anecdotal records of student performance

B) Recording

NISV teachers use a range of methods and approaches to gather information about a student's learning. They record this information using a variety of tools.

Assessment Strategies

Observations: All students are observed often and repeatedly with

teachers noting the growth and progress of individuals, the group and the whole class. Observations include how groups work and the role of participants within the group.

Performance Assessments: The assessment of goal directed tasks with established criteria that are authentic challenges and problems. Students apply what they have learnt by completing authentic tasks that have more than one acceptable solution.

Selected Response: Test and quizzes are the most familiar examples of this form of assessment.

Open ended tasks: Students are presented with a stimulus and asked to communicate an original response. The answer might be a brief written answer, a drawing, a diagram or a solution.

Tools

Checklists: These are list of information, data, attributes or elements that should be present in student's work or performance.

Rubrics: An established set of criteria for rating students in all areas. The descriptors tell the assessor what characteristics or signs to look for in the student's work and then how to rate them on a pre-determined scale. Rubrics could be developed by the teachers and also by involving the students.

Exemplars: Samples of student's work that serve as concrete standards against which other samples are judged.

Anecdotal records: These are visual representation of the development stages of learning. They show a progression of achievement or identify where a student is in a process.

Continuum: These are visual representation of the development stages of learning. They show a progression of achievement or identify where a student is in progress.

C) Reporting

Reporting on assessment at NISV includes communicating what students

know, understand and can do. Reporting involves parents, students and teachers as partners and is honest, comprehensive and understandable to all parties.

Reporting to parents, students and teachers occurs through:

- ✓ Conferences: Teacher-Parent Conference, Student-led Conference, Teacher-Student Conference
- ✓ Roll on & Roll off of units
- ✓ Twice yearly written Reports
- ✓ The Portfolio
- ✓ Grade 5 PYP Exhibition

Conferences

Teacher-Parent Conference (TPC):

This is held thrice a year from Grades 1-5 and 4 times a year from Nursery to Prep Senior. The purpose of this conference is to discuss and identify social, emotional and academic strengths and areas for improvement.

Student-Led Conference (SLC): This is held twice a year. Some of the personal development dialogues take

the form of student led conferences where the student discusses his/her work and progress with the parent. Students identify and set future goals in conjunction with the parent and the teacher.

Teacher-Student Conference: These are informal and designed to give students the feedback so that they can reflect on their work and further refine and develop their skills. This encourages student learning.

Ongoing Communication

Teachers can be contacted through the school link book, e-mails and phone. Teachers also communicate with parents through the link book, e-mail, Flinnt messages and through the class blog.

Roll on and Roll off

We have two Roll on and Roll off sessions per grade each year where parents are invited to witness student learning and the process of inquiry of a unit that has been completed. Teachers also brief the parents about the new unit of inquiry during the Roll on sessions.

Written Reports

The Report Cards are shown and given to parents once every semester. The school includes an appraisal on student's progress in various areas of academics, learner profile and a general comment in the report card for each semester.

Portfolio

Portfolios are a purposeful collection of student's work that is designed to demonstrate reflection and growth, creativity and higher order thinking.

They celebrate student learning through the PYP showing the development of the whole child, both within and outside of the Program of Inquiry, in all subject areas.

A cumulative collection of student work that travels with the student from nursery to grade 5, the Portfolios are housed in the student's classroom and are accessible to the student. Students should understand the purpose of the portfolios, the process used to compile them, and should be able to explain why specific materials are in the portfolio. Students use the portfolios to

communicate with teachers, parents and peers throughout the year.

There is a balance of the teacher selected work and the student selected work content in the portfolio which comprises of work pieces from all the subjects.

PYP Exhibition

The Exhibition marks the culmination of the PYP. The students of Grade 5 work collaboratively to demonstrate their understanding of the programme. They select one organizing theme and showcase the five essential elements of the PYP (Knowledge, Concepts, Attitudes, Skills and Action). The exhibition provides an opportunity for the students to exhibit the attributes of the learner profile which they have been developing throughout the Primary Years Programme.

IBMYP

1. Assessment Philosophy

MYP assessment requires teachers to

assess the prescribed subject group objectives using the assessment criteria of each subject group in each year of the programme. The Criterion related approach represents a philosophy of assessment that is neither 'norm referenced', which means that students must not be compared to each other, nor is it 'criterion referenced', which means that students need not master the lower level before achieving the higher level of the strands of specific criteria.

2. Aims of Assessment of IBMYP

- ✓ Support and encourage student learning by providing feedback on the learning process.
- ✓ Inform, enhance and improve the teaching process
- ✓ Provide opportunity for students to exhibit transfer of skills across discipline, such as in the personal project and interdisciplinary unit assessments
- ✓ Promote positive student attitude towards learning
- ✓ Promote a deep understanding of subject content by supporting students' in their inquiries set in the real world contexts

- ✓ Promote the development of critical and creative thinking skills
- ✓ Reflect the international mindedness of the programme by allowing assessments to be set in a variety of cultural and linguistic contexts
- ✓ Support the holistic nature of the programme, by including in its model principles that take account of the development of the whole student

3. Assessment Planning

Assessment practices in MYP include-

- ✓ Distinction between internal summative assessment and the supporting formative processes
- ✓ Assessments must allow students to recall, adapt and apply knowledge and skills to new questions and context
- ✓ Development of ATL skills which are closely related to Subject Group Objectives
- ✓ Assessing not only the end product but also the process of learning
- ✓ Professional judgement of teachers in deciding the

achievement levels of individual students

- A variety of evidence to improve student learning and to help students achieve their potential
- Reflection which shows the development of students within the subject

4. Assessment Strategies

The MYP values the use of a variety of assessment strategies during the programme to provide a more balanced view of student achievement.

- **Observation-** Teachers may choose to observe all students regularly and often, taking a wide angle view (focusing on whole class) or a close-up view (focusing on one student or one activity). This strategy is useful when assessing some behaviors and skills.
- **Selected Response-** Tests and quizzes are the most familiar examples of this form of assessment. This strategy is useful in formative assessment as it is quick and straight forward to administer and also provides instant feedback for the students and teachers.

- **Open-ended tasks-** Presentations, essay or a diagram as a solution to a problem are examples of this assessment. This strategy allows teachers to present students with a stimulus and ask them to communicate an original response.
- **Performance-** A composition, a research report, a presentation or a proposed solution are examples of this assessment model. This strategy allows students to demonstrate the acquired skills and show their understanding in a real world context. Students are assessed on their ability to demonstrate predetermined learning objectives in and across subjects.
- **Process journals-** Student reflection and metacognition are essential aspects of this process. Regular recording of student reflections lead to enhanced understanding of the concept. Process journal allows student to detail their service and action and its impact on them and on others.
- **Portfolio Assessment-** Students and teachers use the portfolio to

record learning achievements. Students and teachers choose their works or evidences from other assessment strategies that show the level of knowledge and understanding and also demonstrate their skills and attitudes.

5. Implementation of Assessment

- **Appropriateness of tasks** – The assessment tasks should address at least one MYP subject group objective. The student's work is then assessed using appropriate criteria. Assessment task should take into account the requirements of Students with special educational needs. Tasks could be modified for the students who are not able to meet the MYP objectives, but parents and students need to be informed.
- **Creating sufficiently rigorous task-** Teachers ensure that the tasks not only addresses the requirements of the objective but allow students to access all the achievement levels ranging from lowest to highest.
- **Developing task- specific clarification-** Task specific clarification is based on IB specified

assessment criterion. Teachers redraft the level descriptors of assessment criteria as per the requirement of the task which may be for-

- Facilitating learning process
- Supporting learning by guiding instructions
- Providing examples to deepen understanding
- Bringing transparency to the process of assessment e. Contributing in teachers' reflections in the MYP unit
- Helping in curriculum review by reflecting the specific content actually taught
- Simplifying the command terms used in the task.
- Meeting the expectation of the task through oral discussion

6. Assessment tools

The following tools are used to collect and document evidence of students' achievement in each unit.

- ✓ **Anecdotal records** are used to systematically compile, document and organize the observations of the students learning skills and achievement levels using technology.
- ✓ **Continuums** provide visual

representations of developmental stages of learning. It shows a progression of achievement and identifies the level of achievement. It is used to inform the development of ATL skills to the teachers across all subject groups (Horizontal and vertical)

- ✓ **Examples** are students work which serve as concrete standards against which other samples are judged. These serve as benchmarks for the particular task.
- ✓ **Checklist** are list of attributes or elements that should be present in a particular response to a task. This is useful for formative assessments.

7. Reporting Student Achievement Report Cards-

- The school reports the achievement of the students twice in a session (Once in a term) through report cards.
- All teachers contribute assessment data from their subjects
- Best fit approach is adopted to award the final achievement level to the student
- Summative assessment levels of all criteria of each subject group are recorded
- The level total of all criteria of a subject is converted into grade as per IBMYP 1-7 scale
- MYP report of student achievement communicates the student's achievement level for each assessment criterion with appropriate remark and grade for the subject together with its descriptor
- Level of ATL skills in each subject group is also reported
- The report card reflects percentage range for the grades because most of the schools in India follow percentage range as feedback of the student's achievement. When student shifts to non IB school, the grades are interpreted differently by different schools in terms of percentage. The percentage range is only for standardization on request from parents.
- ✓ **Teacher- Parent Conferences-** Teachers communicate assessment

data, both formative and summative from their subjects to the parents. The communication is open, transparent and supported by student's work.

- ✓ **Student-led Conferences-** Students share their achievement supported with portfolio of achievement.

In year 5, the school ensures that students submit the personal project for monitoring/internal assessment within the stipulated period. All students are registered to IB for moderation of Personal Project. IBDP

Assessment and instruction go hand in hand and a variety of different strategies are used to support curricular goals and to assess student readiness for a particular unit of study. These are:

Diagnostic Test: Set on a short learning capsule that students must answer under controlled conditions in a set time. Often marked/ graded by oneself/ peers/Teachers.

Formative Assessment: A collection of one or more tasks that students must respond to under controlled, isolated conditions in a set time. Generally marked/graded by the subject teacher. This is aimed at identifying the learning needs of students and forming part of the learning process itself.

- ✓ Uses informal assessment strategies to gather information on student learning
- ✓ Takes place during regular class instruction as most formative assessment strategies are quick and easy to use and fit seamlessly into the instruction process
- ✓ The information gathered is graded to inform the students whether they have conceptual clarity or whether they require more practice
- ✓ Descriptive feedback may accompany a formative assessment

Formative Assessment Strategies-Purpose:

- ✓ Formative assessment strategies are used throughout a unit of study
- ✓ Focuses on discovering what students know and need to know about the end goal or outcome

- ✓ Teachers use formative assessment to make adjustments to their instruction to better satisfy learner needs
- ✓ Provides teachers with information on the learning processes of their students
- ✓ It determines if the instructional practice is impacting student achievement or whether re-strategizing is required
- ✓ If students are doing well and progressing as expected, teachers continue with their current instruction practices
- ✓ Teachers plan other learning opportunities to help students attain the information or skills they need to be successful
- ✓ Teachers get a clear picture of each student and their understanding of the concept or skill being measured
- ✓ Students also use formative assessment information to make changes to their learning strategy

understanding of the various subject groups is evaluated with the aim of determining the level of achievement of a student, generally at the end of a course of study.

The Educators plan their instruction around the needs which the students demonstrate. Additionally, it provides feedback on the students' approaches to learning and informs planning for approaches to teaching. Ongoing assessment of student learning is an important part of the planning process.

The emphasis is on criterion related assessment. This method of assessment establishes student levels of attainment.

The main objective of summative assessment is to -

- Support and encourage appropriate student learning
- Contribute directly to semester grades, predicted grades and internal assessment grades
- Be conducted primarily in the form of: a. Semester exams b. Class unit tests c. Projects and internal assessment tasks
- Contribute towards a proportion of the final IB Diploma Grade that is

awarded by the IB

DP assessment procedures at NISV measure the extent to which students have acquired advanced academic skills to fulfil these goals viz:

- Analyzing and presenting information
- Evaluating and constructing arguments
- Solving problems creatively

Basic skills are also assessed, including:

- Retaining knowledge
- Understanding key concepts
- Applying standard methods

Formal Examination Sessions in the DP:

Grade 11: Internal Exams are held in October and in March.

Grade 12: Practice and Mock Exams are held in December and March, preparatory to the IB exams in May.

Assessment Criteria: In consonance with the IB pedagogy, each subject group uses the criteria based mark schemes provided, as the yard stick against which the assessment tasks are rated. Criteria specific tasks are designed as a formative tool to ensure thorough preparedness.

Mark Levels: In the DP, students receive grades ranging from 7 to 1, with 7 being highest. Students receive a grade for each DP course attempted. The school makes it a practice to follow the same for various assessment objectives, such as, Observation, Teacher Supported Self Evaluation, and Peer Evaluation to strengthen Formative and Summative Assessments.

Mark Schemes: Comprehensive Mark Schemes, which IB provides, are used to grade all forms of assessment whether it is self, peer or teacher assessed. This is adhered to very consciously to allow the students to understand the rubric and improve the calibre of their performance together with recognizing the level of application demonstrated.

Language Policy (IB curriculum)

Steering Committee

The Steering Committee comprises a representative mix of faculty members, a parent representative, senior student representatives, members of the Governing body, Head of the School and the Coordinators.

The role of this committee is to compile & establish, through collaborative effort, the language policy for the entire school. It also oversees the objectives, content, action plan and its implementation. The committee evaluates / reviews the Language Policy every year.

Introduction

The school recognizes the primary need of communication whether at school or within the community. Therefore, cultural identity has strong connection with interaction within the social environment. The school consciously endorses the need to promote bilingualism to develop a respect for multi culturalism.

School Language Philosophy

The school language philosophy is to-

- ✓ Use English language, in addition to Mother Tongue, as tool for promoting individual development and identity in the social environment
- ✓ Recognize and emphasize the use of English as medium of instruction and operations in the administrative functions of the school
- ✓ Consciously integrate inquiry through the Mother Tongue to scaffold proficiency in the medium of instruction
- ✓ Sensitize the students to appreciate the world cultures and explore similarities with their own
- ✓ Support all teachers in their role as language teachers, considering language to be a primary tool of communication
- ✓ Encourage reviewing and introspection of the pedagogy through English Language to endorse collaborative effort and structured output
- ✓ Emphasize use of subject specific

terminology through the four basic language skills (listening, speaking, reading and writing)

- ✓ Facilitate inter and intra disciplinary learning and intersectional functioning
- ✓ Include all stake holders in the shared responsibility of achieving English Language proficiency

Aims and Objectives: NISV aims to-

- ✓ Enable achievement of language proficiency in English language through the spoken and written word
- ✓ Provide scaffolding through the use of mother tongue where necessary
- ✓ Develop aural comprehension and complementary language skills
- ✓ Encourage use of English language in a variety of contexts and academic co-curricular activities
- ✓ Groom higher order thinking skills in English language for approaches to interdisciplinary teaching and learning
- ✓ Inculcate international mindedness and appreciation of diverse cultures/ ethnic backgrounds, through language in literature to

mould global citizens

- ✓ Nurture understanding of command terms and subject specific terminology
- ✓ Emphasize English as means of communication to support effective student teacher interaction and peer dynamics to develop cognitive academic language proficiency

Student Language Profile

About 90% of the students at NISV come from families where Hindi /Gujarati or its dialects or a combination of both are spoken. Rest of the students at NISV come from countries where English is not necessarily the first language. The challenges of the lingual diversity at NISV is addressed by the use of English as core Language.

Language Support Programme

The school consciously strives to gauge English language proficiency level at the time of admission. This enables the school to devise support systems to equip them with language skills to deal with everyday school life.

Implementation

Language development is a lifelong process in which prior knowledge is crucial to enhance language skills. The school recognizes that language acquisition varies from individual to individual necessitating the differentiated approach through scaffolding or extension to derive connotative interpretation of texts. Recognizing the importance of English as core language, all teachers are therefore responsible for developing it as the language of instruction.

Learning core language at NISV includes -

- ✓ Creating an environment to generate an interest in learning English
- ✓ Use of differentiated teaching, learning and assessment methodologies for cognitive development through language
- ✓ Working in collaboration with stakeholders to achieve the targeted goals
- ✓ Encouraging broad spectrum of activities as extensions to the teaching learning process to

facilitate language acquisition

- ✓ Enhancing vocabulary, structure and usage to develop language proficiency
- ✓ Nurturing language skills to interpret its nuances across various disciplines
- ✓ Consolidating four basic language skills (listening, speaking, reading and writing) to stimulate imagination and creativity

Language Learning at PYP- Primary stage

The Core language learning at PYP is -

- ✓ Central for developing proficiency in English language
- ✓ Focussed on the four fundamental skills of English language learning (listening, speaking, reading and writing)
- ✓ Targeted at developing the three identified strands- oral, visual and written language, to develop receptive and expressive aspects of language strands
- ✓ Supported by use of dictionary and thesaurus for vocabulary building
- ✓ Complemented through the use of picture dictionary for identification

- and associated learning
- ✓ Inclusive of teaching the fundamentals of grammar for usage in structured sentences
- ✓ Augmented through literature with a conscious view that it is the play field of language and anchored in multicultural backgrounds
- ✓ A meaningful assistance to inquire into the role of individuals in society and world communities as the language into Programme Of Inquiry
- ✓ Geared to develop writing skills through phonetics and aural comprehension together with oral and written activities preparatory to PYP exhibition in Year 5
- ✓ Extended by encouraging the students to read books from the library with the involvement of other stakeholders
- ✓ Dedicated effort to grooming the attributes of the IB learner profile, through the integration of Transdisciplinary skills
- ✓ Focussed on the transdisciplinary nature of language learning
- ✓ Directed towards a seamless transition from PYP to MYP

Language learning at MYP – Secondary stage

Imparting Core language skills at MYP includes-

- ✓ Consolidation and extension of skills learnt in the IBPYP
- ✓ Appreciation of complexities of language to interpret its nuances
- ✓ Conscious focus on grooming high order thinking skills through world literature and literature in translation
- ✓ Levels of language interpretation are engrained for understanding in depth
- ✓ To scaffold articulation through extended task based on literary hypothesis
- ✓ Enhancing articulation through structured thought processes for clear communication and cohesive development (Point, Evidence, Explanation, Language)
- ✓ Appraising language through understanding the conventions of drama, prose (novel and short stories) and poetry
- ✓ Refining inferential, implicit and deducing skills to support understanding, interpretation,

appreciation and usage of the core language

- ✓ Bolstering students whose language skills are under power
- ✓ Emphasis on Inter Disciplinary Units to allow for complexities of language to be demonstrated in scaffolding English language as a premier tool for appropriate and accurate articulation
- ✓ Equipping the students to address the requirements of the personal project to quantify the grooming of the Learner Profile and reflect upon the efficacy of the ATL skills utilized
- ✓ Minimum 50 hours of teaching time in each year of the programme

Language learning at DP- Consolidation stage

In its endeavor to consolidate language usage in DP, the school ensures-

- ✓ Finesse of language in communication
- ✓ Ability to demonstrate use of complex structure for articulation
- ✓ Consolidation of proficiency achieved in the IBMYP
- ✓ Students are offered Language A: Literature in IBDP

- ✓ Students who have achieved proficiency in phase 5 in Language Acquisition of IBMYP may opt for the same language as language A (SL) in IBDP
- ✓ Students who have achieved proficiency in phase 6 may opt for HL/SL of language A in IBDP
- ✓ To support High Order Thinking skills through Extended Essay, TOK essay and CAS initiative and reflection
- ✓ Association with IB learner profile in conjunction with the pedagogy
- ✓ To allot a minimum of 240 hours for HL and 150 hours of SL study in DP

Language Acquisition at NISV

- ✓ The school provides opportunity to all students to learn more than one language to support knowledge acquisition
- ✓ It enhances basic interpersonal communicative skills (BICS).
- ✓ It is central to developing critical and

- creative thinking skills, cultivation of intercultural awareness, developing international mindedness and responsible members of global communities
- ✓ Contributes to holistic development for being a lifelong learner
- ✓ It becomes an additional skill in the world community

Language Acquisition in PYP

- ✓ It is organized into five developmental phases
- ✓ Conceptual understanding of each phase is made explicit
- ✓ Learning outcomes associated with each phase are duly noted
- ✓ Geared towards meeting the overall expectations as per IB specification
- ✓ The languages offered are French, Hindi and German

Language Acquisition in MYP

- ✓ This enables the students to communicate in more than one language and gain intercultural understanding
- ✓ Equips students with multi literacy

- skills and attitudes, enabling them to communicate on global issues

Role of Mother Tongue

At NISV, the emphasis is on recognizing, acknowledging and celebrating one's culture as a part of self-development. There is a conscious effort by all staff members to encourage the use of the students' Mother Tongue. The National Curriculum Framework 2005 defines the mother tongue as the first language of communication the child acquires.

- While the school supports a child's learning through the Mother Tongue, no formal instruction in the same is carried out.

This support finds expression through some of the following programs:

- A monthly meeting of students, teachers & parents sharing the same mother tongue
- Displays dedicated to Mother Tongue on a Notice Board, which is regularly updated
- Cultural events such as plays, dances, poetry, folk music in Vadodara and neighbouring cities
- Students have the opportunity to express themselves in their Mother Tongue
- Students may use Mother Tongue during presentations and also during

the PYP exhibition

- Students may translate and use references from their Mother Tongue
- The Foreign Language teachers make active use of the Mother Tongue/ Regional Language to teach the Target Language
- Interaction among students outside a classroom is also an important area of exposure in the use of the Mother Tongue
- The school Media Resource Centre has a vast range of print and electronic resources that cover a wide range of languages taught at NISV as well as that of the Mother Tongues spoken by our student community

Review Process of Language Policy

- Based on teacher and student reflections, the Language Policy is reviewed every year to enhance teaching learning strategies for effective programme delivery
- Members of the steering committee are involved in the reviewing process

- Extensions of Language policy, following the reflections, are reviewed, and amendments made in the policy
- Suggestions on the soft copy of the policy draft are sought from the parents, teachers and senior students
- Relevant suggestions, if any, are incorporated in the policy and final document is submitted to the Principal and the Governance body for approval. The final policy is then made accessible on the school website at the beginning of the session

tradition. The observation of form and its resemblance to nature, or to another artist's work, is a skill to be nurtured. There is an expectation that candidates may be influenced by the work of other artists and writers, whose works may inspire the students' own creativity. Thus there are circumstances where the creative use of the work or ideas of another person is acceptable, with due acknowledgement. [The ideas conveyed in this section are based on a paper written by Nicholas Connolly (*Theatre and Academic Honesty*, 2008)].

1.7 Plagiarism is defined as the representation of the ideas or work of another person as the student's own. Copying a passage of text, paraphrasing, translating it into another language, and then using the translated text in their work without

acknowledging its source still constitutes plagiarism.

Malpractice is defined as conduct which is likely to result in someone gaining an unfair advantage over another with questionable means or breach of code of the prescribed conduct, such as:

- Plagiarism
- Collusion
- Duplication
- Fabrication of data
- Late or non-submission of assigned task
- Taking unauthorized material into an examination room
- Misconduct during an examination
- Exchanging information during examination
- Failing to comply with the instructions of the invigilator
- Stealing examination papers
- Any other behaviour that gains an unfair advantage for a student

Roles and Responsibilities:

1. The Principal/ Coordinators

- Understand and actively promote academic honesty
- Create and encourage a positive school culture.
- Provide resources to support academic honesty on the campus.
- Stay informed about the regulations and instructions as provided by the IBO that govern the conduct of each examination session.
- Inform staff and students through various media what constitutes malpractice and how it can be prevented.
- Promulgate a school culture that actively encourages academic honesty.
- Support the IBO fully in the prevention, detection and investigation of malpractice.
- Undertake any additional responsibilities required by the IBO should a candidate or staff member be investigated for malpractice.

- They are encouraged to strengthen ethical attributes while monitoring the tasks assigned to their child/ward.
- They are required to be informed about the facility of media literacy in the changing academic ethos to monitor their child/wards' e- learning in conjunction with the conventional teaching learning pedagogy.

5. Students

- All students are instructed on the conventions of academic honesty and encouraged to demonstrate ethical behaviour and model digital citizenship in their studies.
- Students have a responsibility to adhere to NISV guidelines and act with integrity and honesty,
- With a strong sense of fairness, justice and respect

for the dignity of the individual, groups and communities.

- Students take responsibility for their own actions and the accompanying consequences.
- All IBMYP and DP candidates should note that the IB checks the work of all candidates for plagiarism using a web-based plagiarism prevention service.

Academic Honesty Continuum

IB learner profile provides a basis for the continuum of academic honesty policy.

PYP
PYP framework provides opportunities for the development of academic honesty through –

- Teachers design the ATL for

delivery of curriculum through carefully referenced, cited and acknowledged resources.

- Teachers as academically honest stake holders become the formative step in inculcating principles of academic honesty.

MYP
Academic honesty is integral to an effective MYP.

- Approaches to Learning include a conscious grooming of academic honesty to complement enhancement of personal, social and technical skills.
- Academic honesty is the responsibility of all stake holders.
- The school frames its academic honesty policy according to the guidelines provided in IB publication

knowledge but which they think their reader might still find unfamiliar

- Sources for materials that they might not normally consider as "texts" because they are not written.
- Sources that add relevant information to the particular topic or argument of their work. If in doubt about whether or not to cite a source, seek the librarian's assistance.

Public Domain Malpractice

The IBO states in their Academic Honesty Policy document that: Many candidates believe that because the Internet is in the public domain and largely uncontrolled, information can be taken from web sites without the need for acknowledgment. Candidates must record the addresses of all web sites from which they obtain information during their research, including the date when each web site was accessed. The uniform (or

universal) resource locator (URL) constitutes the web site address for this purpose. (Simply stating the search engine that was used to find the web site is not acceptable.) This includes the copying of maps, photographs, illustrations, data, and graphs and so on. For example, to cut and paste a graph from a web site without acknowledging its source constitutes plagiarism. CD-ROMs, DVDs, e-mail messages and any other electronic media must be treated in the same way as the Internet, books and journals.

The issue of plagiarism is not confined to groups 1 to 5 of the Diploma Programme. In general, copying works of art, whether music, film, dance, theatre arts or visual arts, also constitutes plagiarism. There are circumstances where the creative use of part of the work of another artist is acceptable, but the original source must always

be acknowledged. Candidates must understand that passing off the work of another person as their own is not acceptable and constitutes malpractice.

Copying text is not always a deliberate attempt by a candidate to present the ideas or work of another person as their own. In fact, in the experience of the final award committee it is apparent that many candidates are not aware of when or how to acknowledge sources. Occasionally, a candidate may copy one or two sentences from a book, journal or web site without showing it as a quotation, but indicating its source in a footnote or the bibliography. Although each case requires a separate judgment, in general such cases are the result of negligence or a lack of awareness on the part of the candidate and do not warrant an allegation of malpractice. These cases may attract the penalty applied to an academic

School Policies

infringement, and not malpractice.

NOTE:

- The IBO randomly checks candidates' work for plagiarism using Web-based plagiarism prevention and education systems, such as Turnitin.com
- Students are constantly advised to check for plagiarism only through the system provided by the school.

Malpractice in Group Work

- Allowing a member or members of the group to write any part of their assessment piece.
- Allowing a member or members of the group to write any part of another member's assessment piece.
- Giving a copy of one student's work with respect

to that assessment to any other student within the group.

Note-It is essential that both teachers and candidates are aware of the distinction between collaboration and collusion.

According to the IBO, for most assessment components, candidates are expected to work independently with support from their subject teacher (or supervisor in the case of extended essays). However, there are occasions when collaboration with other candidates is permitted or even actively encouraged, for example, in the requirements for internal assessment.

- The final work must be produced independently, despite the fact that it may be based on similar data.
- The abstract, introduction, content and conclusion or

summary of a piece of work must be written in each candidate's own words and cannot therefore be the same as another candidate. (If, for example, two or more candidates have exactly the same introduction to an assignment, the final award committee will construe this as collusion, and not collaboration).

- Teachers are required to pay particular attention to this important distinction to prevent allegations of collusion against their candidates

Cite and Acknowledge Sources

- Students are taught how to give citations and acknowledgements of sources.
- This is initiated in IBMYP and consolidated in IBDP.
- Dedicated project work and assignments encourage the students to instill these

Two basic ways of acknowledging sources of information

• Footnotes- Students are required to-

When quoting directly from someone's work, put an “identifier” next to it in superscript. Then write the source at the bottom of the page with the same identifier.

Eg.
“Experts believe that Ventastega was an important staging post in the evolutionary journey that led creatures from the sea to the land.

McGrath, M., (2008) “Fossil fills out water-land leap”, on BBC NEWS Science & Environment accessed Monday 25th April 2011” (OR)

• Brackets

When quoting directly from someone's work, write the name and date in brackets and put the work in the bibliography. Eg.

“Experts believe that Ventastega was an important staging post in the evolutionary journey that led creatures from the sea to the land. (McGrath, 2008)”

MYP Student Guidelines

The student is expected to -

- Understand the importance of following the Academic Honesty Policy.
- Abide by the Academic Honesty Policy or face the consequences as mentioned in the ParentStudent Hand book.
- Know what defines plagiarism.
- Know what defines malpractices in academics.
- Acknowledge the source of direct quotations.
- Acknowledge information taken from all sources.
- Acknowledge references in a bibliography.
- Use in-text citation.
- Follow all Test/Examination rules

The student is expected not to -

- Use notes during a Test/ Examination unless allowed by a teacher
- Copy from another student during a Test/ Examination
- Copy from the homework of another student
- Hand in work as his/her own that has been copied
- Do homework for another student
- Give another student his/her own work to copy unless allowed by a teacher

Monitoring Process in IBMYP

Teachers will take the following actions in the light of academic dishonesty-

- For copying from / passing off peers' work as one's own, the offence will be recorded and a copy placed in the student's file.
- For repeated copying from / passing off peers' work as one's own, a warning letter

would be issued and parents would be informed, a copy of which would be placed in the student's file.

- For cheating in class assignments / Examinations, the student's work will not be assessed.
- Repeated offence may result in suspension from regular lessons and/ or student being placed on academic probation as a remedial measure till such time that improvement is evidenced.
- Teachers record compliance of submission dates of assigned tasks. Non-compliance of the time line would result in warning letters sent to the parents/ disciplinary action being taken.
- For non-submission of work, no level of achievement would be awarded.
- Non- acknowledged piece of work would not be accepted and would be penalised as

per IB specification.

- Checking plagiarism through Turnitin software for Personal Project is a mandatory practice. Students would be asked to rewrite/ modify the plagiarised content, failing which, the task would not be assessed.

In-house sessions with librarian on academic honesty and referencing material/ data are arranged regularly.

Special Educational Needs/ Inclusive Education Policy at NISV

Steering Committee- Members of the Governing body, the Principal, Coordinators, Counselor, Senior Student Representatives, a Parent Representative and HODs.

Philosophy

Navrachana International School, Vadodara, is committed to providing an inclusive education, facilitated in a culture of collaboration, mutual respect, support and problem solving, which involves the whole school community.

Inclusion is recognized as an organizational paradigm which is continual and involves change. This is intended to increase learning and participation for all students which, broadly

speaking, embraces the diversity of all learners and all minority groups.

These students, “with their own learning styles and challenges... come to school with combinations of unique and shared patterns and values, knowledge and experience of the world and their place in it.” (IBO 2013:3)

Salient features of the Inclusion Policy

Navrachana International School-

- Supports education for all
- Creates proactive and responsive environment that promotes sense of belonging
- Considers learning from an 'aptitude based' perspective
- Values learning diversity to build inclusive community
- Provides equal opportunities to all learners
- Promotes equal access to

the curriculum for all learners

- Resources prior knowledge through connections
- Rewards and celebrates achievements of all learners
- Recognizes multilingualism as a current need, a right and a resource
- Encourages students and school community to have a voice and are given fair hearing
- Ensures that all students experience success as a key component of learning
- Scaffolds learning to support independence
- Ensures that students with special needs are identified and assessed as early as possible
- Forms an apt synergy which includes parents, counselor, coordinator and the grade leader and subject tutor

- **School Organization and Resources**
The human and material resources support inclusion. Collaborative teaching and learning practices are a regular feature of the school organization.
- **Cultures and Policies**
Common understanding, policies and practices take into account human rights, diversity, quality and equity.
- **Approaches to Teaching and Learning**
Organizational knowledge in developing effective strategies to increase access and participation is maintained and sustained.
- **Buildings and Physical Obstacles**
Creativity and willingness to reorganize physical spaces, classroom orientation and structure is encouraged.
- **Relationships among the Community**
Interactions create proactive, responsive

environments that promote a sense of belonging, safety and self-worth for every member of the community.

Integrating Inclusiveness at School

- The senior leadership team and school governing body in consultation with tutors, counselor, parents and students have put in place the process to remove barriers to learning for every member of the school community.
- The teacher ensures that each student is exposed to teaching and learning that reaches the students, as individual learners.

Identification of Students with Specific Education Needs at the time of Admission

- During the time of admission, the medical history report of the

candidate is thoroughly studied.

- The school counselor interviews the parents and observes the candidate for:
 - § Students with ADD/ADHD
 - § Students with chronic illnesses
 - § Students with emotional and behavioral challenges
 - § Students with mental health challenges
 - § Students with speech and communication challenges
 - § Students with learning difficulties
- Admission is granted to those students whose special education needs can be met effectively by the school.

unidentified, or undisclosed by the parents, and the first instance is noticed by the teacher during the interaction with the student, in the classroom, the teacher consults the school counselor.

The teacher carefully fills the Referral form, based on which, the counselor makes the classroom observation for the student in the classroom setting. If necessary, the counselor may also interact with the student to ascertain the findings.

If a special need is identified, the counselor consults with the parents of the student to brief and frame an effective plan of action.

In severe or clinical cases, which are beyond the counselor's expertise, the student may be referred to external experts for the best support. (eg; intense testing and certification of any learning disabilities; special educators; occupational therapist; speech therapist etc.)

Why do students seek counseling?

Students who might require counseling within the scope of this document, fall under the categories below:

- Low self-confidence
- Finding, helping or losing a relationship
- Family concerns
- Getting better grades
- Self-defeating behaviors
- Depression
- Decision making
- Careers, life planning and development
- Educational needs
- Behavioral challenges

Record Keeping

The counselor maintains records of current and past clinical cases in accordance with the standards of the profession.

Responsibilities of the Coordinator

- The Coordinator ensures that the needs and

requirements of the student with special education need, are met well by the counselor and the subject tutors

- The Coordinator will apply to the IB for special consideration to accommodate the student in assessment and examination circumstances
- The Coordinator will provide the requisite 'accommodations' for examinations, as needed and approved by the IB
- The Coordinator will maintain discretion and confidentiality in providing special education needs / services

Responsibilities of the Faculty

- The tutor will identify struggling learners and will refer the student to the counselor or coordinator as needed.
- The tutor will implement the appropriate interventions as

outlined by the counselor.

- The tutor will maintain accurate records of students' progress.
- The tutor, with the assistance of the expert, will become familiar with the special needs of the concerned student.
- The tutor will maintain discretion and confidentiality in providing special education needs / services.

Responsibilities of the Parent

The parent will:

- Play an active role in their child's education
- Communicate relevant information and documents regarding their child's special education needs
- Communicate any perceptible change in their child's special education needs to the school
- Request for child studies and services, as required, in a proactive manner
- Provide relevant documents

needed for IBO accommodation requests

- Bear expenses for any services from the external experts

Responsibilities of the Student

Students will be required:

- To ask for assistance from the school administrators, faculty, and staff
- To be an active participant in classes and meetings
- To follow all policies and procedures of the NISV

Responsibilities of the Counselor

- Counseling sessions are planned and carried out in the counselor's office, a space that offers privacy and confidentiality
- Discussions between the counselor and the student are based on the principle of mutual respect
- All conversations are confidential and the

student's right to privacy is respected in all cases except those where the counselor may suspect the occurrence of immediate harm

- The students have the opportunity of discussing their fear, feelings, and emotions without any apprehension of being judged
- The counselor creates a conducive environment for students to speak their mind openly and uninhibitedly about their concerns
- Counselling sessions are planned for the peers of the student, tutors, coordinators and parents and all stake holders to sensitize and create a supportive environment for the student
- If there are ongoing concerns, the counselor may seek to develop a therapy plan with external experts, after consulting with the student and parents

Action

Students facing learning challenges

- Tutors observe the academic/ behavioral/ emotional difficulties of the student and report the same to the counselor
- The counselor identifies any concern and conducts standardized test
- After the analysis of the test, parents are informed and guided for further consultation, if required
- Once a special education need is identified, the coordinator, teachers and the counselor formulate a plan of differentiated learning and engagement of the student. If the need be, help of special educator will be sought
- A plan is designed for differentiated learning and engagement of the student, with the use of multi-sensorial tasks

- Students will be encouraged for active corporeal involvement to facilitate learning
- Regular feedback and monitoring of the student helps the counselor to take any further action if required

Students facing behavioral challenges

- Our unique pedagogy engages children with behavioral issues by involving them corporeally in the learning task
- Each activity is meaningfully designed and based on real-life experiences, allowing the child to identify with the task and be fully engaged in the class

Counseling for SEN

- Counseling is strictly on a one-to- one basis, during which one seeks help from the other
- It is a way of working together in a unique and

confidential environment, forging a bond between a counselor and the student

- In strengthening this bond, the counselor acts as a facilitator, who helps the student understand and interpret themselves and the world around them
- The counselor analyses the student's feelings and behavior, their relationship with others, and their choices and decisions
- There are provisions for professional assistance and guidance in resolving personal or psychological problems, should the need arise

Screening tests used at NISV

Counselor is trained to administer the following tests-

- Behavioral checklist for screening the Learning Disability
- Diagnostic test of Learning Disability
- Draw a Man test

foundation in Math. Personal qualities that demonstrate a willingness to work dedicatedly with schoolwork is a requisite characteristic. To evaluate this, applicants and parents are asked to write a short personal statement separately and enclose it with the application form.

2. One teacher recommendation that addresses student behaviour, attendance, motivation and self-discipline.
3. School transcripts
4. Interview (external students): All applicants will be interviewed to determine their level of commitment and ability to take personal responsibility for their learning, as well as their level of oral English fluency. The primary purpose of the interview is to consider the applicant's potential to succeed not only in their

individual subjects but also in the core components of CAS, the Theory of Knowledge and the Extended Essay.

Learning Contracts

1. All candidates must sign a learning contract indicating their awareness of the rigorous nature of the programme and constituting their commitment to meeting its academic deadlines.
2. All candidates must sign an Academic Honesty Contract, indicating their commitment to NISV policy of academic honesty.

Fee

1. Schedule of fee and regulations can be found in the Application Pack (available in School and also on the school Website)
2. Admission Application found in the Application Pack (available in School and also on the school Website)

Provisional Admission

1. External students must submit a candidate data form, based on which the provisional admission will be granted if the final result of grade 10 is not declared at the time of admission
2. Upon admission, external students will be asked to complete an application form

Transfer Students:

Students who transfer from other IBDP schools are welcome. NISV will work closely with parents and other DP coordinators to ensure smooth transition as soon as possible.

The criteria outlined above do not, on their own, determine a candidate's eligibility. Individual circumstances and student interest are also taken into account.

topic of the student's choice, form the core of the IB Diploma and are mandatory.

The six groups and the subject choices, in each group available at NISV, are as follows:

Group 1: Studies in Language and Literature : English Literature

Group 2: Language Acquisition : Hindi B, Ab-initio-French, French B, Ab-initio- German, German B

Group 3: Individuals & Societies : Economics, Business & Management, Psychology, Information Technology in a Global Society (ITGS), Environmental Systems and Societies (ES&S)

Group 4: Sciences : Physics, Chemistry, Biology, Environmental Systems and Societies (ES&S), Computer Sciences

Group 5: Mathematics

Group 6: The Arts : Visual Arts

Core Components:

Theory of Knowledge (ToK):

This subject helps students find answers to questions such as, What is knowledge, and what is not? How is it used, and by whom, and with what purpose? Students learn how to think and express themselves in a logical and clear way.

Extended Essay (EE): This subject requires students to write a 4,000-word research essay of high academic standard, whereby they learn to apply effectively, university level academic methodologies. It not only strengthens students' abilities to ask the right questions and look for the right answers, it also prepares them to think and formulate the conclusions they have arrived at in a persuasive and logical manner. It is a perfect preparation for university studies.

CAS (Creativity, Activity, Service) Programme: CAS is

an integral part of the IB Diploma Programme. All Diploma candidates have to devote a certain number of hours to this programme, in order to be awarded the Diploma.

- The criteria for HL in sciences and Math is minimum grade 6 for MYP, Grade A or equivalent at IGCSE or other boards.
- The criteria for SL in sciences and Math is minimum grade 4 for MYP and Grade B at IGCSE or other boards.

1. PREAMBLE

- (a) The School is acting under the authority of the Executive Committee of Navrachana Education Society, owners of the School, as now or in the future constituted.
- (b) The Principal is the person appointed by the Executive Committee of The Navrachana Education Society to be the Principal of the School who is responsible for the day to day running of the School and for the student while in the care of the School and includes those to whom any of the duties of the Principal have been responsibly delegated by the Executive Committee
- © Teacher/s is/are those employed by the School to instruct in curricular and co-curricular education at the School.
- (d) Student/s is/are those registered as a student/s at the School.
- (e) Parent/s, Guardians is/are those whose wards study at the School.
- (f) School Structure: The School comprises Pre Primary, Primary, Secondary and Higher Secondary sections. Formal education begins from Grade 1 of the Primary section. Promotion from one section to the other is automatic based on student's performance. Pedagogy, Class Strength, Study Time, Infrastructure, Technology integration and Teacher qualifications are variables from one section to another. Fee structure for each section is based on these variables.
- (g) Our Aims: The School's aims to strike a balance between academic work, moral, spiritual and physical education and the pursuit of leisure activities. The School is committed to high standards of teaching and care. Parents are expected to give their support and encouragement to these aims and to uphold and promote the good name of the School; to continue the student's education at home and encourage the student to maintain appropriate standards of discipline, diligence, punctuality, behavior, tidiness and cleanliness; and to conduct themselves in relation to the School and its staff in such a manner that a relationship of trust and confidence between the School and the Parents is maintained at all times.
- (h) Changes at the School: A progressive and forward looking school must initiate and respond to change. It is likely that there will be certain changes at the School during the years when the student is a student. The grant of admission to the School is made on the basis that, in

punishment is not used). As the School provides first aid facilities only, parents consent also to emergency medical treatment (including general anesthetic) at a private hospital where certified by a doctor to be necessary for the safety of the student and if a parent cannot be contacted in time. Every effort would be made to contact a parent in such circumstances. Parents consent to the conduct of routine medical examinations by the school appointed medical authorities.

(b) Academics: Teachers are the best judge to assess student's academic strengths and weaknesses. It is obligatory for the Student to obey advice, instructions and do all that is necessary to improve academic performance as required. Parents must also adhere to suggestions made by teachers to ensure their

- wards academic progress and regular attendance.
- (c) Health: Parents must inform the Principal, in writing if the student has any known medical condition/disability or health problem or is unable to take part in physical education or sporting activities or has been in contact with infectious diseases. The student must not be sent to School if unfit to attend or is suffering from a serious contagious disease. The School will endeavor to look after the Student in the event of any emergency health problem during school hours, however, the School will not be responsible for any consequences.
- (d) Meals: All students are required to have meals as organized by the School.
- (e) Attendance: The Student is expected to take full part in the activities of the School, to attend on each school

- day, to work hard to the best of his ability and to be well-behaved. Parents agree to observe the term/vacation dates which will normally be published at the start of every academic year.
- (f) The School Link Book: Each student on admission to the School or at the start of every academic year is supplied with a copy of the School Link Book giving information about the staff and the student, student roll, scheduled events, and holidays. All students and parents are required to abide by the Code.
- (g) Conduct of the Student: Students are expected to behave with respect and good manners to those whom they meet both in School and in the community and to show a proper respect for the environment. The Principal and the School Staff are responsible for the care and good discipline of

School may withhold information; property or examination certificates while fees are unpaid.

- (d) Late fees: Fees paid after the Fee collection period will be considered as late fee payments and a penalty will be charged as per the prevailing rules as mentioned in the Parent Student Handbook uploaded on the website.

5. NOTICE OF CANCELLATION OR WITHDRAWAL; REMOVAL; FEES IN LIEU OF NOTICE

- (a) Notice means (unless the contrary is stated in these terms and conditions or the Fees Sheet) a calendar month's written notice delivered by hand to the Principal or sent by recorded delivery to the postal address of the School. No other notice will suffice. Notice given by

one Parent will be deemed to be given on behalf of both Parents.

Provisional Notice for any purpose is valid only for the term in which it is given and only when written and accepted in writing by the Principal.

Quarter means a period of three months, basis on which fees are collected

Term means the period between and including the first and last day of each School term.

Fees in lieu means fees in full for the term of notice at the rate that would have applied had the student attended and not limited to any contribution in the case of a scholarship, free-ship.

- (b) Withdrawal: In all cases, except at the end of the 10th & 12th Std., a calendar month's notice in case of a day scholar and three months' notice in case of a boarder must be given

before a student is withdrawn. Failure to provide the requisite notice will result in payment (or become adjustable against any balance with the School) of fees for the full succeeding Quarter in lieu becoming due and payable as a debt and may be charged at any time after withdrawal, whether or not the place can be filled.

- (c) Cancellation: If the student is withdrawn before the commencement of the academic year 75% of the School fee will be refunded.
- (d) Removal: Parents may be required, following one calendar month's notice in writing from the School, to remove a student permanently, after consultation with the Parents, the Principal is of the opinion that the student is not making sufficient progress to warrant his remaining at the School or

his conduct is unsatisfactory or the conduct of the Parents is or has been such that the relationship of trust and confidence which should exist between the School and the Parents has broken down. Under these circumstances all outstanding fees and charges must be paid. Refund of fees if any, will be as per prevailing rules for “Refund of Fees”. The School will not be liable to refund any fees to the Parents unless all outstanding dues have been paid in full

- (e) Expulsion: The student may be expelled at any time if, because of the conduct of a parent or the student (whether on or off school premises or in or out of term time), the Principal is reasonably satisfied that such conduct has been prejudicial to good order or school discipline or to the reputation of the School or if

- for some other reason the continued presence of the student is incompatible with the interests of the School. The Principal will act fairly in accordance with the procedures of natural justice and would not expel a student other than in grave circumstances. There would be no refund of fees in these circumstances and all outstanding fees and charges for the Quarter must be paid but fees in lieu of notice would not be charged.
- (f) Other Events Requiring Notice. To discontinue any extra activity, if any, a calendar month's written notice is required: failure to give such advance warning will result in payment of full charges becoming payable in lieu. The School may terminate this agreement on one term's written notice and otherwise under clauses 5 (d) and 5 (e) above.
- (g) Withdrawal from an

educational outstation tour arranged by the school will require a minimum notice period of 7 days and will entail a forfeiture of 75% of the amount payable for the tour or as per the prevailing policy at that time.

6. GENERAL CONDITIONS

- (a) Special Precautions: The Principal must be notified in writing immediately of any court orders or situations of risk in relation to a student for whom any special safety precautions may be needed. A parent may be excluded from school premises if the Principal, acting properly, considers such exclusion to be in the best interests of the students or of the School.
- (b) Absence of Parents: (Applicable to Local Students only) When both parents will be temporarily away from their home overnight during term time,

half-term or occasional holidays the Principal, must be informed in writing of the name, address and telephone number/s for 24-hour contact of a suitable legal guardian or other adult with whom the student will reside when not at School and who is willing and authorized by the parents to accept full responsibility for the student in all circumstances. These matters are the responsibility of the parents.

- (c) Insurances: The School has insured all students under a 'Students Safety Insurance Policy. The School's liability is restricted to the limit and the interpretation of coverage by the Insurers. All other insurances are the responsibility of parents. The School is not the agent of the parents for any purpose related to insurance.
- (d) Concerns/Complaints: Parents who have cause for

concern as to any matter including matters of safety, care or quality of education must inform The Principal in writing without delay. The Parents and the School will be expected to resolve any dispute between them in co-operation with each other and in good faith.

- (e) Special Learning Difficulties: The School shall notify parents if it is felt by the school that a student may need extra support or should be referred to an educational psychologist for a formal diagnosis. The School has Counselors and is able to advise parents as to how they may, at their own expense, obtain specialist advice or specialist support; but the School staff are not qualified to make a medical diagnosis of conditions such as those commonly referred to as dyslexia or other learning difficulties. Parents will be asked to withdraw a

student if, in the opinion of the Principal, the School cannot provide adequately for a student's special educational needs. Parents / guardians are made aware that the School imparts the highest level of education and co curricular activities to children from diverse backgrounds. Consequently, a Parent/Guardian shall hold the teachers and the School totally harmless for any difference in the method of teaching adopted in the best interest of their child / ward. Parents are also informed that children have different learning abilities, Dyslexia, ADHD and other developmental and behavioral challenges and hence agree to have utmost trust and faith in the methodology adopted by the School to impart education as per the individual needs of the child / ward. (h) Confidentiality: The School will take care to preserve the confidentiality of information concerning the student and parents. The parents, however, consent on behalf of themselves and the student to the School (through The Principal as the person responsible), obtaining, holding, using and communicating on a "need-to-know" basis, confidential information which, in the opinion of the Principal is material to the safety and welfare of the student and others, The parents consent to the School's communicating with any other school or college which the student attends or which a parent proposes the student should attend about any matter concerning the student or payment of fees,

whether or not the information passing is also held in machine-readable form.

(i) Examinations, Reports and References: The School will enter a student for an examination only if the Principal is satisfied that such is in the best interests of the student. Information supplied to parents and others concerning the progress of a student and the character, examination, further education and career prospects of the student and any references will be given conscientiously and with all due care but otherwise without liability on the part of the School.

(j) Intellectual Property: The School reserves all rights and interests in any intellectual property rights arising as a result of the actions of a student in conjunction with any

member of staff of the School and/or other students at the School for a purpose associated with the School. Any use of such intellectual property rights by a student is subject to the terms of a license to be agreed prior to the use between the student, the student's parents and the School. The School will allow the student's role in creation/development of intellectual property to be acknowledged.

(k) Photographs, Video Clips: Photographs of student/s will be used in maintaining School records, and/or in the promotion of the School programs in newspapers, slide shows, or other media. The school endeavours to offer ample opportunities to each child to attain excellence in the chosen fields of study, sports, hobbies and co-curricular activities. It is equally important for parents to encourage their children in the pursuit of these aims. They should also stress the qualities of virtue, learning and manners in their day-to-day life. In the interest of imparting sound education, moulding the character and personality of your child and efficient management of the school, a meaningful rapport between the Parents and the school must exist. We, therefore, advise parents to do the following:

1. Please study the Parent Student Hand Book carefully and ensure that the stated rules and regulations are strictly observed by your child.
2. Listen to your child first before moralizing to him/her.
3. Inculcate discipline, good manners, habits of orderliness, neatness in person and dress, and above all, influence your child to become a law-abiding and worthy citizen of the country.
4. Ensure that your ward is punctual and regular.
5. Pay the fees regularly as per the schedule given.
6. NISV is an English Medium School and therefore your child will need to communicate in English. Please encourage your child to do so.
7. Intimate in writing if your child has to be absent from school with reason. Please do not send your child to the school if he/she is suffering from a contagious disease.
8. Send a proper note duly signed if your child is required to leave the school for any urgent work. Without this s/he will not be given permission to leave the school.
9. Ensure that you do not disturb your child during school working hours by making phone calls, visits, etc. In case of emergency, please approach the Principal / Coordinator, who will assist you in contacting the child.
10. The school does not allow parents to directly approach tutors and/or other staff members. On days other than SLC/TPC days, prior appointment must be taken.
11. While corresponding with the school, parents are requested to mention the G. R. No., Grade and Section in which their child is studying.
12. Kindly make it a point to glance through any "Communication / Circulars" in the **Link Book** and the Vidyalaya app as there may be a message / remark / notice / from the Tutor/ Coordinator for you. Please respond promptly to the same if required.
13. Promptly inform the Grade Tutor of any change in address, telephone number, email ID, etc.
14. Take pride in sending your child neatly dressed in the prescribed school uniform.
15. Encourage your child to participate in all school activities.
