

NAVRACHANA INTERNATIONAL SCHOOL, VADODARA

YEAR BOOK 2019-20

Tejal Amin
Chairperson
Navrachana Education Society

A MESSAGE FROM THE CHAIRPERSON

A Man of True Steel

It is 150 years since the man was born. It is more than 70 years since he stopped three bullets in their track and breathed his last with the name of Rama on his lips.

Why does this old, old man engage us, even today? Not just us, the whole world, in fact. What made this non-descript Gujjubhai from Porbandar go off to England in the late 19th century to study law and then move to the apartheid-torn South Africa to begin his legal practise?

The story of Mohandas Karamchand Gandhi continues to fascinate us as different aspects of his personality, the way he thought and worked, are revealed through his writings and through the writing of others on the man. The vision he had for India, nay mankind actually, is reinforced time and again – that non-violence is the only way forward, as is the brotherhood of Man, and respect for all living beings on earth. His belief that 'Nature has enough for Man's need but not for Man's greed' is the most succinct and practical response to the mess with the environment that the world has got itself in.

This year, NISV has concentrated on the very relevant teachings of our Father of the Nation. I think we could not have chosen a better theme to ground our students in this strange year that has taken everyone by an unpleasant surprise, a surprise that continues even today.

A MESSAGE FROM THE PRINCIPAL

Theophane D'Souza
Principal

The academic year 2019-20 was dedicated to celebrate the life and times of the Father of the Nation on the occasion of the Mahatma's 150th birth anniversary. This was an opportune moment for the school to reflect on his life, the freedom struggle and his "experiments with truth". The school thus embarked on a journey of discovering the Mahatma. During the year, various activities like quizzes, plays and debates facilitated a deeper understanding of the meaning of freedom, non-violence, truth, cleanliness and untouchability. This culminated in the staging of a biopic "Mohandas to the Mahatma" scripted, directed, enacted and produced by the staff and over a 1000 students during the Annual Concert. The standing ovation by the audience at the end of the concert was not only a recognition and acknowledgement of the stellar performance of the students but also a tribute to the Mahatma and the relevance and sway he still holds in our lives.

The words of the Mahatma, "Be the change you want to see..." took all the more significance and reverberated more so as we were ending the academic year. With the pandemic throwing all our lives out of gear, the new normal required each member of the school community to adapt and embrace the many changes beckoning us. We all had to, inter alia, make those sometimes drastic and dramatic changes in lifestyle, attitudes, thinking, learning and being, not only for our own survival and growth but also for the sake of humankind. The onus of changing had to start with each one of us first. And so despite the doom and gloom around, we ended the academic year on a high note. Although we missed one of the most important events of our academic calendar, the experiential learning opportunity through the "NISV Outbound" that took us to different parts of our country, we quickly took things in our stride and positively adapted to the virtual learning environment and ensured that learning at NISV never stopped.

Our Board examination results were outstanding for 2019-20. In the International curriculum section we had one of our students scoring the first ever perfect 45/45 score in the Diploma programme and another student being declared the All India Topper in Coordinated Sciences in the IGCSE examinations. In the National curriculum section, one of our students scored 98% in Gr.12 CBSE AISSCE and another scored 98.6% in the Gr. 10 CBSE AISSCE. The Year Book acknowledges these high standards set by our students across the different curricula offered and celebrates the learning footprint of each and every student in the school.

I would also like to acknowledge and commend the Year Book team for weaving every page of this Yearbook so creatively, painstakingly and meticulously.

To the students of NISV whose faces dot every page, let the words of the Mahatma that also find an echo in our school song "...the world is out there waiting for someone to make a change..." spur us on to stay positive and grasp the opportunities for change the pandemic has presented to us.

A MESSAGE FROM THE EDITOR

Another wonderful year passes by, leaving its trails of reminiscences and joy, giving students new wings to fly, and reach their potential, oh so high!

It is rather true when they say that the beautiful experiences of the past can never be revived; however they can always be relived, bringing about those wishful smiles and nostalgic recollections. The yearbook of 2019-2020 encapsulates the ideas of self-development, expression and growth that NISV encourages its students to inculcate; through a collection of delightful snippets brought together for all those, "a- trip -down -the- memory -lane" moments. With the promise of upholding our school motto and thereby educating, enlightening and empowering our community, it has been gratifying to witness our students, teachers and educators metamorphose into better versions of themselves and grow from the challenges this year end has delivered. From preparing an ode to the Father of our Nation through enchanting skits and vibrant colors as part of our annual concert to staging our traditional NISV funfair games and dances, we have left no stone unturned in showcasing what a united community and determined mindset can do. The editorial team hence wishes to bring to you these wistful reminiscences to remind us of our triumphs and prepare us for the upcoming year full of exhilaration and elation! After all, "memories are simply moments that refuse to be ordinary".

A MESSAGE FROM THE PTA

This year we all have undergone a life changing experience due to COVID-19. Since the Spanish Flu of 1918, the world has not seen a pandemic of this scale. With no medicine or vaccine to stop the spread of the virus the government was quick in locking down the country due to which the school had to shut prematurely before the summer vacation. Rather than curtail the education for the term, NISV rose to the challenge and was the 1st in Vadodara to start online learning for all grades via Google Classroom.

The use of electronic devices for daily schoolwork was already on the rise for the last years but with the advent of mass online learning it has now become a necessity and a saviour for our children's uninterrupted formal education.

We, the PTA executive committee members on behalf of all the school children's parents appreciate the school and in particular the teachers for actively engaging and teaching our kids during this trying time by prioritising teaching from their home over their own personal responsibility towards their families.

COORDINATOR'S MESSAGE

Jyoti Nagar
IB DP Coordinator

Phil Jackson's quote – "The strength of the team is each individual member. The strength of each member is the team", epitomizes the IBDP Team of NISV. The year began on a high note with good IBDP 2019 Results, with Pranshu and Kairav leading with 42 points out of 45, followed by Vivan Patel with 41 points. Well done students! Well done teachers!

The diligent work by IBDP students in organizing NIMUN 9, Teachers' Day Celebration, the school Fun Fair "LUMIÈRES DU MONDE" to name a few, is worth mentioning. This academic year, 5 students escorted by Ms. Pooja Paliwal, went to the International School of the Stockholm Region (ISSR) Sweden, under the student exchange programme. This trip was reciprocated by 5 students and 2 teachers from ISSR visiting NISV in January 2020. This year, the students from ISSR stayed with the host families. This partnership has motivated us to make a lasting and positive contribution to the enrichment of both!

Usha Singh
IB MYP Coordinator

The year 2019-20 was a momentous year. The IGCSE results were a testimony to the dedication of the students and the relentless efforts of the teachers. E-Learning through tablets gained momentum and was accelerated by the teachers' efforts in introducing the teaching-learning process in innovative ways.

The students' engagement with various disciplines through inter-school competitions and inter-disciplinary activities like Book Reading Day, MYP Conclave and Food Festival, gave them the much-needed impetus to hone their ATL skills.

MYP teachers from all the disciplines attended the Job-Alike MYP workshop at Mumbai. These interactive sessions empowered the teachers to further enhance their teaching-learning practices.

Viraa Jhaveri
IB PYP Coordinator

The academic year 2019-20 was an eventful year and went by in a jiffy. The students were engaged in new and exciting ways of learning and took part in many fun activities, right from exploring the school for the early year students to pop up bazaar, fancy dress, group dance and salad making. Our PYP teachers honed their skills by brain-storming the new PYP documents together.

The pandemic caught us unawares and we had to move out of our comfort zones and learn new skills to conduct lessons virtually. We managed to organise the PYP Grade 5 exhibition virtually, which was a fantastic display of research, interviews, Ted talks, and advertisements by the students on the topic "Media and Us". Our Pre-Primary concert "Namaste India" & the Senior Concert "Mohandas to Mahatma" were hugely appreciated.

I would like to extend my sincere thanks to all the parents for their whole-hearted support.

Purna Ganesh
Assit. IB PYP Coordinator

Another successful year is what I conclude as I reflect upon all the wonderful activities and learning experiences our PYP students were engaged in, during the academic year 2019-20. Our new batch of nursery students adjusted in no time in their new classrooms and got comfortable with their teachers and peers. The year was packed, as we always had something to look forward to, in both PYP and the Pre-Primary section. Thanks to the commitment and the hard work of all our wonderful teachers who are always upgrading themselves and providing diverse and interesting education. Our monthly activities were conducted with perfection, be it the cooking experience, treasure hunt, quiz, projects, group dance, celebrations, sports day and many more!! There was always a spirit of enthusiasm and the students enjoyed every moment of their learning in school. The highlight of the academic year was our Pre-Primary Annual Concert "Namaste India" which was beautifully executed by our little ones.

COORDINATOR'S MESSAGE

Vijayalakshmi Nair
CBSE HS Coordinator

A new batch of students is like a breath of fresh air. It is the dynamic mindset of these blossoming learners and their thought process that energizes us - the educators. I believe, this is what adds allure to this profession.

Children evolve, flourish and get future - ready. Remember, your dream is your signature !

Anagha Pathak
CBSE Coordinator

'Every child deserves to be the best of what he/she is'

School is that integral part of society which is an instrument of achieving this goal. The goal of education at NISV is to 'Educate, Enlighten and Empower'- such learning and values that will benefit society and the workplace with the presence of these individuals.

NISV endeavors to augment the personality of each child and bring out their inherent qualities through years of schooling which include varied activities as sports, dance and music, arts, annual concerts, student council and funfair which aid in the discovery of such talents.

It gives me immense pride to share that the students of NISV CBSE have emerged victorious in the grade 10 CBSE board examination for the academic year 2019-2020. We had the highest overall percentage the school has seen (98.6 %). We also had 5 students scoring a perfect 100 in 3 different subjects. Kudos to all my colleagues for making the school proud.

To the students, I convey this message: Dream big and work towards your goal.

Rashmi Ravindranath
CBSE Assit. Coordinator
(Grades 4-6)

"Learning is not the product of teaching. Learning is the product of the activity of learners" - **John Holt**

The goal of 21st Century education is to create life-long learners. Fixed procedures for teaching are insufficient because learning is not a one-way process. Our focus is the learner-and learning-centered practices that cater to the diversity, as well as the unique talents of each student. Through various curricular and co-curricular activities throughout the year, we tried to ensure that students were engaged in productive and meaningful activities that helped them strive towards independent learning and academic success.

Ritika Nagpal
CBSE Assit. Coordinator
(Grades 1-3)

The year 2019-20 was eventful and engaging. The objective was to provide all necessary care and impart knowledge to the young minds. Catering to their cognitive, linguistic, physical, social and emotional development was paramount. The year's focus areas were group behaviour and self-discipline and for the same reason, introducing them to meditation, circle time and happiness classes proved to be advantageous. I wish this enthusiastic lot of students a happy and healthy life ahead.

COORDINATOR'S MESSAGE

Carlos Bernal
IT Coordinator

An academic year that saw our ERP rising from a new and intimidating software to a widely used resource to manage the crucial information of our organization. We also finalized our commitment with Seqrite MDM, a tool that helped us manage our students' tablets while in school and at home. The coming year is going to see the birth of a more streamlined approach where our joint efforts - Parent - Teacher - Technology will provide our students with a platform to learn how to use technology in education. Finally, I would like to acknowledge the contribution of our Staff, who rose to the occasion and prepared, learnt and trained others in the use of online platforms that have proven to be a lifeline during these unprecedented times.

Pawan Rai
Sports Coordinator

In the year 2019-20 our aim was to encourage a healthy and active lifestyle throughout the school body, nurture sportsmanship in all aspects of competition, widen each student's sporting experience and enjoyment and create a passion for active recreation and sport. It gives me immense satisfaction to have achieved this. It was also gratifying to see students develop their competence and confidence as they developed a wide range of skills to use tactics, strategies and compositional ideas to perform successfully.

I. P. Joshi
Manager Administration

This year we witnessed a long monsoon with heavy downpours and their associated problems but the Department rose to the challenge and ensured the smooth functioning of the school. On one such occasion, a staff member monitored the safety of the students until late at night and stayed on until the last student was dropped home safely. Commendable, indeed!

The Department played its role in ensuring the smooth functioning of the school.

Sometimes the pathway dictates that the process comes down to hard work, rather than inspiration, but teaching is all about the rapport between a teacher and a pupil, more than anything else.

Teaching English language, after all, is about a fruitful engagement in getting children to conceptualize, understand, relate, connect and apply their language abilities in the spoken and written context relevant to the need of the hour.

Our team of English teachers have been facilitating and guiding students for all IHAs, State level and National Level competitions which include debates, elocutions and a volley of writing activities across. This team of supportive professionals have extended their unflinching support and set high standards, enabling the learners to hone their language skills.

HOD (CBSE)

"The Only way to learn Mathematics is to do Mathematics"

This year's focus has been on Mathematical knowledge taking the center stage in the regular school curriculum. To instil analytical and logical thinking among students and to promote Mathematical thought as an important area of human thought, various subject- enrichment activities are being designed. Also, to add to the creation and creativity of the students, the Department of Mathematics conducts many engaging and interesting activities through the year. And in the same light, for the fifth consecutive year we conducted the Virtual Mathmania: an inter- school math- based quiz competition. Although a challenging event for the entire Math Department, like every year, it turned out to be a huge success. The enthusiasm and excitement of the participants make the hard work worth it. The new feature added to Mathmania this year was the short videos made by students explaining the presence of Mathematics all around us. The spectrum of rounds during the competition provided a platform to the students to exhibit their mathematical abilities, computational fluency, analytical thinking and quantitative aptitude. Thus, in this manner the Department aims to pursue excellence in Mathematics through engaging our students not only in the classrooms but also beyond it. We are achieving our objectives with the help of significantly experienced faculties. The team work of the Department is highly appreciated. Another noteworthy achievement this year has been the excellent performance of 5 students of grade 10 scoring 100% in Mathematics in the CBSE board examinations in the academic year 2019-2020. Kudos to the students and teachers!

HOD (IB)

Success lined with highs and lows marked the academic journey. We lost a very important member, Mr. Piyush Patel, whose contribution towards the smooth functioning of all the labs was commendable. May his soul rest in peace. The laboratory was revamped and an impressive team spirit was brought to light with the teachers surpassing expectations. High end designing of projects such as verifying Doppler Effect, creating of Mesocosm, a variety of irrigation systems and high end chemistry projects took place in the labs. Students from the PYP to the DP breezed in and out of the labs for demonstrations and hands-on learning. The link between theory and practical was visibly narrowed as students were able to learn concepts in the sciences.

Equipped with new tools like PhET simulations, Ptable.com and Flipgrid, the science teachers began the virtual classroom with enthusiasm and dedication.

The crowning glory was Dr. Ritu Shukla being selected as a Biology Workshop leader for the IB DP. Keep up the scientific temperament!

Upasana Sharma
M.Sc.,
B.Ed.
HOD (CBSE)

Every student starts out as a natural-born scientist. It is our attempt, as Science Educators, to encourage student enquiry, feed their curiosity, and deepen their understanding of scientific concepts. It is a matter of pride to have well-equipped laboratories in our school which form an integral part of the teaching and learning process. The latest teacher-training techniques place a greater emphasis on pedagogy and classroom practice as another way to improve science, technology, engineering and mathematics (STEM) education. We do believe that the development of the Next Generation Science will entail the use of technology and virtual learning will be the norm of the day.

The year 2019-20 saw the group being involved in a lot of activities. Class activities like model making, Group Presentations etc. kept on happening like every year which help the students demonstrate their understanding of the subject.

The Department led the MYP conclave along with the English department with years 1-3 presenting the Eco Heroes(Sustainable ideas around school).

Grade 9 (MYP 4) put a pop up bazaar- Bake and Sale which was a runaway success with the eateries being sold out in no time and the students demonstrated their financial and culinary skills under the guidance of their teacher Mr Keval Patel. The IB students from grade 9-12 participated in an online trading competition organized by Wharton High School, Wharton University of Pennsylvania and demonstrated their trading skills.

It was an extremely enriching experience for the students where they could buy and sell shares using virtual money and competed with students from all over Asia.

The Teachers of Group 3 (Individuals and societies) Dr. Divya Chauhan, Ms Mellissa Fernandes and Ms Payal Kamanpure attended the MYP SAIBSA at Poddar International Mumbai

Modern and Foreign Languages

Dillip Sharma
B.Sc., PGDM,
M.A.
(German),
HOD (IB)

The objective of the Department of Modern Languages is to prepare students to explore the target culture and to be able to communicate effectively with the natives of the target culture in various situations. The Department focuses on developing students' communication skills and inter-cultural understanding.

This has been a great year for the Modern Languages Department. Students exhibited their proficiency in the language through participation in various programs. Nukkad Natak, poems and songs are always applauded. A German Theatre group visited our school this year; artists performed a play and conducted a workshop for the students learning German in our school. Another feather in the cap is our collaboration with a French school for a students' exchange program.

Anupam Giri
M.A. (Hindi),
B.Ed.
HOD (CBSE)

The academic year 2019-20 has been yet another landmark year in the field of language education at NISV. Our academic year's endeavor was to facilitate the Hindi language teaching-learning process more dynamic and make it an engaging one. We have also made a very productive and effective use of digital learning aids to further enhance the students' vocabulary building skills and language proficiency. Flip-classrooms have proved to be highly fruitful and interesting for students. The Department of Hindi was thriving with activities like Hindi Super Speller, Hindi Diwas celebrations, National and Cultural festival celebrations and class assemblies. Lastly, I appreciate my team of dynamic and highly creative teachers for their relentless efforts and enthusiasm in making all the events a great success. Hindi hai Hum! Jai Hind!

Our curriculum has now adopted some of the latest trends in technology. Last year the concepts of Artificial Intelligence were deliberated upon by the teachers. This year, the teachers have included in their teaching process, this relevant topic which is vital for the newer generations, as they will have to deal with this kind of technology just as we dealt with the advancement of online resources. Our teachers have taken part in seminars and trainings on the topic. Our computer labs have been equipped with some software that will provide the teachers and students with an environment to dive into AI.

The art curriculum at NISV helps the students in the development of motor, language and social skills, as well as in decision-making, risk-taking, and inventiveness. Across the curriculums IBDP, MYP, IGCSE and CBSE the focus was to create lessons that include color, composition, perspective, balance and techniques that are necessary to celebrate the process of creation.

The Physical Education Department worked to enhance the overall performance of the students, improve their fitness, their cognitive, affective/behavioral, and active lifestyle needs, and focus on the importance of lifetime involvement in physical activity. We provided a sound framework for the design of physical education programs and assessments that would help students learn and demonstrate their movement, knowledge and skills, their fitness levels, and their habits and values related to physical fitness.

The hostel children have enjoyed a homely atmosphere and learnt life skills and values through activities like Boarders' Personality Development, Best out of Waste, Health and Hygiene education.

The boarders had several opportunities to mingle with their peers and enjoy an easy camaraderie that makes their boarding a memorable one.

In the absence of their families, their friends become their families, offering moral and emotional support, thus bolstering their well-being and fostering their self-reliance.

It was heart-warming to see them build a relationship of unity and trust, extending a helping hand in case of difficulty. There were also moments threatening to break into conflicts, but they were easily resolved and life at the hostels chugged along on well-oiled wheels!

INVESTITURE CEREMONY

The Investiture Ceremony, conducted with great earnestness on the 13th July, 2019 in the school quadrangle, was presided over by the Principal, Mr. Theophane D'Souza, amidst an august gathering of parents, staff and students. The outgoing council handed over the charge symbolically by passing on the School flag and the House flags to their successors.

The leaders, Head boys- Prakhar Deep Khare (CBSE) and Devbrat Hariyani (IB), Head Girls- Sia Shah (IB) and Aahana Arora (CBSE) and the team were conferred with badges and sashes. The student council took the pledge to uphold the school motto and carry out their responsibilities with utmost zeal.

HOUSE OF NURTURERS

Yet another year full of interesting house activities that provided ample opportunities for the students to develop their creative sides. Working on the bulletin boards to ensure that the school is NIMUN -ready, highlighting Gandhian philosophy of life through a drama and dancing to the tunes of 'Un Poco Loco' during funfair - with each house activity Nurturers ensured their share of fun, creativity and togetherness. Exemplary student leadership and valuable guidance from the house teachers kept the Nurturers motivated towards best possible collaborations. Looking forward to another glorious year with this wonderful set of students!

Pooja Paliwal
Nurturers House In-charge

HOUSE OF INQUIRERS

Every competition, every event brought new challenges and responsibilities. The House of Inquirers faced every challenge with grit and courage because winning or losing never concerned us; our sole aim was to do our best. Competitive zeal and indomitable will power were found to be truly alive in the students of the House, who took strength from their ongoing spirit. This spirited endeavor of the students brought the House laurels in many fields.

Naimish Panda
Inquirers House In-charge

HOUSE OF SEEKERS

"Alone we can do so little; together we can do so much." – Helen Keller

House activities in school means working collaboratively towards a common goal. The students were motivated to visualize "Impossible" as "I'M Possible", so that they would be productive and accomplish their tasks effectively and it was heartening to see a sense of cohesion in them. As group members, they all exhibited openness, trust and support and proved that together they could achieve anything; it only required the willingness to contribute.

Deepa Chellani
Seekers House In-charge

HOUSE OF VENTURERS

The academic year of 2019-20 saw the House of Venturers at its zenith. Together, the students of this House displayed their creativity, zeal and confidence in every competition. The abundance of athletic talent and the 'go-getter' spirit led to the victory of our House. After a ten year period of dormancy, winning the Overall Champion House Trophy was a proud and euphoric moment for all the Venturers. We believed that as long as we were learning, having fun and putting our best foot forward, we had nothing to lose. The House of Venturers looks forward to yet another year to prove their mettle.

Regards,

Dr. Trushna Kapadia
Venturers House-in-charge

NURSERY A

This year's batch of Nursery A students was a motley group, each unique in his or her own way. They gave their best in everything they did. Throughout the year, they demonstrated not only academic excellence, but excellence in co-curricular activities too. It was indeed a delight to see them grow and gear up for the next academic year. We wish them the very best for all their future endeavors. We had so much fun being your teachers and mentoring you!! Don't be afraid of moving forward as your future is bright!

NURSERY B

The students this year were a bundle of enthusiastic learners. Our focus was to make them happy and eager to come to school in the founding years of their schooling. We could see an increased level of confidence as the days passed by, as they got different opportunities to present their skills and ideas. It was truly satisfying to see students growing and developing their profiles and skills each day at school.

Our best wishes for all their future endeavors!

NURSERY D

To teach is to touch a life forever. In the year 2019-20, we were not only able to touch the hearts of our tiny tots but also grow with them. Teaching is all about learning. These fun loving children's enthusiasm was contagious and it made the year pass by faster than we had imagined. We made some fun-filled memories which will stay with us forever. We wish they spread this enthusiasm further and grow into confident and caring individuals.

PREP JUNIOR A

Every year children touch us with their abundant energy and positivity. This year our group of children were a bundle of mischief, talented and talkative. As the year passed by, they unfolded their many hidden talents with our motivation and guidance. It was fulfilling to hone them to be knowledgeable, thinkers, communicators, balanced and risk-takers through various learning engagements. Each student made a significant contribution to the class. Their journey of exploring the world and learning new vocabulary, from recognizing the letters to reading short sentences was amazing. As grade tutors, it was an incredible experience to see them grow. We worked as a team to bring out the best in everyone. Best wishes to our children to enlighten themselves continue being life-long learners.

PREP SENIOR E

It has been a joy and pleasure teaching all of you this academic year. We have watched you work, learn and grow and we are very proud of you. Every day with you has been an adventure and we will cherish those memories forever, may it be concert practice, school picnic or your class presentations. You all are amazing with your varied potentials. Your future is bright and you can do anything you set your mind to. So, remember to make good choices in life and you will have good consequences.

All of you will hold a special place in our hearts. We wish you the best for your future.

Bottom Row (L to R): Ms. Purna Ganesh, Parth Mishra, Nehaan Chokshi, Ethan Jose, Varun Kumar, Jash Kantharia, Yug Trivedi

GRADE 1A IB

"Every student can learn, but not on the same day or in the same way."

This quote aptly sums up the group of students we had the privilege of working with this year. The students were a diverse blend of enthusiasm, curiosity, and hard work. The year was full of exciting and interesting learning engagements. They enjoyed the field trips and the activities that were planned for them and explored various concepts and ideas using their thinking, and research skills, thus building the profiles of being inquirers, thinkers and communicators. As grade tutors it was a pleasure watching them interact with each other in such an open-minded manner and sharing their ideas freely. The beautiful thing about learning is that no one can take it away from them !.

GRADE 1B IB

The role of a teacher in a student's life goes beyond teaching. Whether it was to encourage them to dream big, work hard, read more, or be caring towards others, this batch was always open to positively embrace our advice. We had many opportunities to create some wonderful memories with this bunch of enthusiastic and energetic children who always had smiles on their faces. Each child was special to us in their own way.

We wish all of them the very best in their journey ahead!

GRADE 2B IB

A person who never made a mistake never tried anything new.
- Albert Einstein

The class of 19-20 were true to what Einstein once said. They never stopped trying their hands at new things just because of the fear of making mistakes. I grew very close to this batch of students as I taught them for two consecutive years. Their whole-hearted participation in all learning engagements and their thirst for knowledge, which made them dig up tons of information to share with the class, provided me with a veritable treasure trove. May their curious minds help them scale greater heights!

GRADE 3B IB

The year started with a curious bunch of intelligent, naughty, hardworking, affectionate, enthusiastic and fun-loving kids rearing to plunge into academic and co-curricular activities. Their enthusiasm was infectious and we found ourselves planning interesting activities during the year. Whether it was a group activity or an individual task, they were super charged and always tried to give their best. It was really heartwarming to see them shoulder their responsibilities and reach out to each other. Memories of the academic year gone by will always remain with me as each one of my students was special to me.

I wish them all the best in their future endeavors!

GRADE 4A IB

We know we will look back at these days as being the happiest of our lives. There is nothing more rewarding to us than having had the opportunity to watch all of you learn and grow over the last two years. We've had an eventful and adventurous year. The memories of the first day - a sea of smiling faces in pristine uniforms- are still fresh in our minds. You are a talented group and we are impressed by your enthusiasm in embracing opportunities that came your way. You grew as individuals too, exploring your independence, and what it means to be a kind and caring student, classmate and friend. All of you have always inspired us to be better teachers. You make coming to school exciting for us too! We want nothing but the best for each one of you. 'Shoot for the moon. Even if you miss, you'll land among the stars.'

GRADE 5B IB

The year 2019- 20 has come to an end in the wink of an eye, leaving behind fond memories of my grade. It was a delightful experience to be the grade tutor of 5B, as they were a bunch of delightful & energetic students who also were expressive, affectionate & dynamic learners.. The class participated enthusiastically in all the activities and especially enjoyed being a part of all the major events of the school. They have matured into prudent yet keen learners, ready to be the change. Here's wishing them all the best from the bottom of my heart! I would like to quote this for my students: "If opportunity doesn't knock, build a door. You have the talent and strength to create your own opportunities"

I wish them all the best for their future endeavors and hope they continue to keep up their high spirits.

GRADE 2B CBSE

"I don't love studying. I hate studying. I like learning. Learning is beautiful." These words of Natalie Portman tell the truth about children. In today's digital world, we are flooded with information but 'when and how' to use this knowledge is more important. Children love to question 'When? Why? How?' and that's when the learning begins. Their innate curiosity opens the doors to learning. This is a validation of their love of learning. I wish them an everlasting inquisitiveness.

GRADE 3A CBSE

It was an enriching experience to be the Grade tutor of Grade 3A, a group of clever and conscientious students. With their warmth, radiant personalities and infectious smiles, they made the teaching and learning experience enjoyable for each and every one of us. Each one's individuality brought in diversity; yet their cooperative efforts united them as a group of learners. This colorful bundle was always in high spirits. They have proven themselves to be very strong assets to the school with a drive to excel and deliver results with a clear focus. I wish them all the best for their future and pray that they come through with flying colors.

GRADE 4B CBSE

The mind is not a vessel to be filled but a fire to be kindled - Plutarch

The year has come to an end leaving behind fond memories of the students of grade 4B. It was a joy to have a bunch of students who were adept not only in academics but also in sports. Their enthusiasm and innocent mischief enlivened the classroom. Their perseverance adorned the walls of the classroom making it look vibrant all through the year! They showed an exemplary sense of responsibility and commitment while completing the tasks assigned to them.

I wish they grow by leaps and bounds and secure a good future for themselves!

Good Luck to each one of you!

GRADE 5A CBSE

Grade 5A was a bunch of extraordinary students who were into sports, drama, art, music and every other activity of which they could be part of-whether it was at the inter-school or intra-school level. The class exuded a positive energy and warmth to which no one was immune. My message for this wonderful group is-

"Draw a crazy picture, Write a nutty poem,
Sing a mumble-jumble song, Whistle through your comb.
Do a loony-goony dance 'cross the kitchen floor,
Put something silly in the world, That ain't been there before."

-Shel Silverstein

Blessings and Best wishes.

GRADE 6A IB

Grade Tutors

Bhavna
Bhonde

Melissa
Fernandes

It feels just like yesterday that I saw you all for the first time sitting in the room labelled - IBMYP-6A.

What a sight it was!

So many new faces- all curious, energetic, friendly and with radiant smiles, ready to begin yet another landmark of the school journey by stepping into MYP. The academic year 2019-2020 has been a memorable one as it gave me a wonderful experience of watching you all grow into smart, responsible and capable young individuals with a hint of naughtiness in those eyes but, still caring. Morning classroom assemblies and last ten minutes of homeroom with you all are some of the irreplaceable moments of the year. Not to forget, teaching you all the complicated scientific terms like "Coelenterates, Mitochondria, Deoxyribonucleic acid, etc." and then asking you all to pronounce them !

Thank you for all the laughter and the joy that you have brought into my life.

Top Row (L to R) : Yashvy Thakkar(Inset), Jai Patel, Prem Keshwala, Varchaswa Amin, Dhruvik Nair, Heeranj Gupta, Divy Purswani, Zeihan Patel, Vyom Hirani, Divyanshu Ray, Nirmal Jaiswal, Sahaj Patel(Inset), Anadee Patel(Inset)

GRADE 6B IB

It was a wonderful experience being the grade tutor of 6B and interacting with curious and enthusiastic minds, always raring to go! They always had brilliant ideas to share during homeroom and that helped us get closer. They were cooperative, supportive and at times, mischievous too; however, it was very rewarding. I have made every effort to create an environment conducive to the learning of science and its application in our day to day lives, so as to engage them with the subject. As their grade tutor, I have done my utmost to inculcate good values and thereby strengthen their characters, I wish my students greater joys of learning in the future too!

Dear Students!

I might not have written this to you, but your loving words are beautiful imprints that have been etched in my heart and mind forever.

You are my heroes who shape not only our education platform, but the entire world. I am going to miss the times when we laughed together! As your teacher, sometimes you made me feel like a celebrity! While spending a whole year with all of you, there was nothing better than seeing you really "get" something, like long division, exploring a theme, structuring an essay. It was immensely satisfying to know that I played a part in your growth.

My good wishes will always be there with you. I am confident that your future will be rewarding.

All the best !!

GRADE 7B IB

Learning is a treasure that will follow its possessor everywhere. Dynamic, lively, zestful, diligent and poised, I had the pleasure to tutor this group of students who exemplified all these attributes and more. Each one's individuality brought in diversity, yet their cooperative efforts united them as a group of learners. With their warmth, radiant personalities and infectious smiles they made the teaching and learning experience enjoyable for each and every one of us.

I wish them luck and success in all their endeavors. May God bless them always!

"There's room for everybody on the planet to be creative and conscious if you are your own person. If you're trying to be like somebody else, then there isn't."
- Tori Amos

It was memorable being their Visual Arts teacher as well as their Grade Tutor. I've tried to tap their creativity and individuality, though it may have been challenging for some and exciting for others. Overall, it has been an enriching Art experience and my best wishes to all my students for a bright future.

GRADE 8B IB

Being the grade tutor of 8B has been a memorable experience and a high point of my career. Kudos to you, students, for living up to the adage, "Unity in Diversity" and taking every challenge in your stride.

While I strove to create an environment conducive to learning, you did so much to create an environment conducive to teaching. And for that I am truly grateful!

As you move forward in your journey, I would just like to say, "Strive for progress, not perfection."

Happy Learning!!!

GRADE 10A IB

Grade 10 A was a brilliant class! Being their grade tutor was an incredible journey right from the very first day. From the silly homeroom banter, hilarious jokes and mischievous laughter during meditation to vibrant school celebrations like Teachers' Day, the year was full of exciting adventures. Days turned into weeks, and before long, the year was over and it was time to say 'goodbye'. I had watched these amazing kids grow into confident, mature individuals and our time together was quite the rollercoaster. I'm grateful for all of them, even the naughty ones, because they gave me some of my most enjoyable memories as a teacher.

GRADE 7A CBSE

It was a whirlwind year which went by like a breeze. The students were very loving and I as their grade tutor loved being with them and mentoring them. The famous philosopher Bertrand Russel has said, 'When you want to teach children to think, you begin by treating them seriously when they are little, giving them responsibilities, talking to them candidly, providing privacy and solitude for them, and making them readers and thinkers of significant thoughts from the beginning.' I'm glad that I could incorporate all this in my gem of a class.

Bottom Row (L to R) : Ms. Rita Roy, Aarna Panchal, Vidhi Agrawal, Leisha Harjai, Jiya Kumar, Ms. Monica Menon, Ms. Anagha Pathak, Ms Rashmi Ravindernath, Kriva Trivedi, Aazeen Hazariwala, Smriti Surti, Shubhra Shinde, Ms. Anupam Giri

GRADE 7B CBSE

Patience is the calm acceptance that things can happen in a different order than the one you have in mind.

David G. Allen.

My students of grade 7B taught me exactly this. Their way of learning was an innovative one for me. Their high-spirited nature and enthusiasm ensured I was active and energetic throughout the year. Being the grade tutor of this vivacious batch of thirty students gave me the opportunity to experience thirty different stories, since each one of them was so unique and precious. My heart swelled with pride at their achievements and wept at their disappointments. My first year as a grade tutor at NISV was no less than a roller coaster ride.

GRADE 8A CBSE

"A classroom is a learning space, a room in which both children and adults learn." I found it very apt. Being the Grade tutor of 8 A has been rewarding. Every child has been unique and has connected with me differently. With every response, I have felt enriched and motivated. I call my students "MY KIDS" because they aren't just kids on my class list; they have come close to my heart. I am proud of their accomplishments in curricular and extra-curricular activities. Their sensibility has struck a chord in my heart.

GRADE 9A CBSE

It is commonly said that "All is well that ends well!"

Indeed it all began well - thirty four of them waiting to connect with their new grade tutor, with endless questions arising in their little minds. I would like to put it on record that the joy of discovering their potential in various areas of learnings from co-curricular to extra curriculars was immense. From the classroom teaching to IHA competitions, from Lit Bonanza to the Annual concert, from the assembly practices to the fun fair, I could feel the adrenaline coursing through my veins. I feel blessed to have had a class of talented pupils and a couple of "Jocund Idlers," too, both equally important for a teacher to be kept on her toes.

My best wishes to all my students for a bright future!

GRADE 9B CBSE

It has been rightly said that, "Teaching is not about only imparting knowledge; it's about having an honest, intellectual relationship with the students."

My relationship with my grade began with sowing the seed; and by the time it sprouted, I was considering myself fortunate to be nurturing a vibrant, forthcoming and intelligent group. Each star in my galaxy had a unique personality and proved their mettle as painters, orators, artists, musicians and dancers. All the agreements and disagreements helped us to forge a close teacher-student bond.

I wish these sharp and sensitive students the very best for their future endeavors!!!

GRADE 10A CBSE

This batch was like a splash of contrasting colours on a canvas, which as the days progressed, turned out to be a beautiful painting. Although it was initially challenging to be on the same wavelength as them, they eventually managed to etch a special place in my heart.

As a take away from this academic year, I want them to remember that success looks different to different people. Their success might look different than their friends simply because everyone has different strengths and has to overcome different challenges. I truly believe that each one has immense potential to be successful in whatever they choose to be.

There may be nine gems in this world; I was blessed with 33 in my class!
My best wishes for a happy and healthy life ahead!

IN RETROSPECT

High school the word was always a mixture of sweet and bitter, happiness and sorrow, pain and pleasure. Like everything in life, school was a grey area and not a black and white picture. Being introduced to a new school is always a little challenging but at the same time, it's also refreshing because you get to make a brand new image about yourself and no one can call you out on that. For me, the challenge was heightened because of my awkward introverted behaviour. And I'll be lying if I said that sometimes I wished I was back at my old school. But as I navigated through the hallways, I was determined to make a good impression. Looking back, I don't know if I achieved my goal but I'll tell you this - it was a memorable journey.

Ishita Shah, IB, NISV

I always keep on asking myself on the real purpose of school, what good does it really do? Until now.

But now NISV has made me crystal clear on the real purpose of school as I see myself as the transformation, it not only provides knowledge but also an insight into the social awareness to provide direction and energy for learning, the school has done it and teachers have always provided me WATER whenever needed to reflect in myself as the BLOSSOM FLOWER.

School life was the Golden age,
It was like a treasure I found in a cage.

Kargi Chauhan, IB, NISV

When I initially took upon IB, Ironically, I had felt more at ease with understating my subjects however as time went by, it started to become increasingly difficult as I fully comprehended the distinguishable and eclectic nature of IB and the experience aided me in gaining a perspective outside of the curated categories of science, commerce and humanities. It gave me a finite yet deep outlook on the importance of applying the knowledge instead of simply acquiring it.

Ashita Shah, IB, NISV

I can't believe it has been 16 years. I vaguely remember my first day in school, possibly the only day I cried because I had to go to school. Like for any other student, the school has been a rollercoaster ride. NISV has molded me into the person I am right now. I will definitely miss wasting my time in the libraries, the fun quarrels during Dipannita ma'am's lessons, and the group discussions with my classmates to find loopholes in instructions! It is not that I have finished my school I realize how important NISV has been and how I will miss it.

Thankyou,

Paridhi Mistry, IB, NISV

Navrachana International School, Vadodara, a name I'm never going to forget! I joined the school 8 years ago, a clueless American kid entering a new world where everything would change. However, the change came easily due to the constant nurturing by my teachers and peers, which molded me into the young adult I am today!

From contending with CBSE for bragging rights, to evading Jyoti Ma'am on a daily basis for a new act of mischief – we've done it all. I've made a set of irreplaceable friends throughout this journey who made my years at NISV unforgettable!

No doubt 2020 has been a year against us, but it has made us into stronger individuals ready to tackle the world! This year has shown me that the Batch of 2020 will fight our way through the hard times and emerge victorious together! NISV has shown me the power of unity, and I'm very grateful for the same!

Cheers!

Best Regards,

Kushal S. Patel, IB, NISV

IN RETROSPECT

The IBDP batch of 2020 is a crazy, dysfunctional family that defines the true meaning of unity in the good, the bad, and the worse. Be it the unfair or the group 4 project, the entire class came together for every event with copious amounts of bickering, arguments, teasing and healthy competition. I will miss Sunatcha's questions in Bio, Trushna ma'am's savage replies, all the early mornings spent in the English hub before NIMUN, the boys vs girls bickering in Maths Studies- but most importantly, qualities I developed as an IB Learner that I will cherish for life. I am immensely grateful for all the unique memories we made over the course of these two years. And I would not have it any other way.

Aashna Pandya, IB, NISV

By far the last two years of my school life were such a bittersweet experience for me but as people say 'Tough times make you grow stronger'; these experiences helped me overcome many of my fears and encouraged me to discover my strengths while giving me numerous opportunities to explore myself further. The IB Diploma Programme was much more intense than I expected it to be, but looking back, I don't regret choosing it. However, there were times when stage fear reached its peak as I had to speak in front of the entire school in the assembly. Although it was extremely nerve-wracking for me at that time, it helped me to conquer my stage fear. Apart from this, NISV taught me to be disciplined as well as the habit of helping others, especially in our IAs. Group 4 project taught me leadership and collaborative skills. Working on my EE required a lot of hard work, but I was lucky enough to have Lily ma'am as my supervisor who helped me academically as well as morally. She continually conveyed the message of self-belief, setting goals, and reaching those goals without personal compromise which is one of the most important lessons I have learned in life. Moreover, I was not the most regular student, but my teachers always seemed to believe in me that I can improve. Overall, NISV has provided me many opportunities, and incidents which have taught me varied lessons. But looking back, all those memories, lessons, and mistakes have led me to become a much better person today, making up the brightest stars in the constellation of my life.

Hetvi Joshi, IB, NISV

IN RETROSPECT

Navrachana wasn't just a school it was a lifetime and my 15 years with it were my little infinity. They overflowed with memories of laughter, successes, failures and the strong sense of belonging. Whether it be cheering for my house or laughing together on a class joke or fighting over that last piece of paneer, I found my home and my people here. This school has given me so much and over the years I have strived to give as much back. All this would be incomplete if not for my various teachers, one taught me fractions and the other life's lessons, but because of them I have become what I am today. I leave with my head held high with memories and the belief that I can do anything and be anything I put my mind to. The home I have found here will forever be my happy place making me nostalgic when I think of it.

Kashvi Shah, 12 A CBSE

They say the best things in life come unexpectedly and NISV was one of them. In 2015, when I first set foot in the vibrant corridors of the school, little did I know over the next 5 years this place would become like a home away from home. NISV has made me grow, honed my skills, provided me with the finest mentorship from the best teachers one could ask for and introduced me to peers who are now no less than a family. It is extremely hard to encapsulate the truckload of memories NISV has given me, and as I make my way through the final lap of this twelve year long marathon, all I could say is how grateful and lucky I consider myself to be. Through all the ups and downs, happiness and sorrow, success and failure, my teachers stood as a pillar of strength and my friends lent a shoulder. These days will forever be engraved in my heart and I wish to do my school proud someday.

Amolika Kumar, Grade 12 CBSE

Two years of 6 am wake ups, drowsy morning classes, and last minute dashes to class. Two years of friendships and fleeting attachments, and the laughter and the pain and the joy that came with it. Two years of stress and anxiety, of all-nighters. On the whole, it's been one heck of a journey, a journey that has moulded and shaped us all into the person we've become today, no matter how much we might not wish to admit it.

It's hard to know what to expect when you first arrive in high school. My mind was bombarded with an endless swarm of nagging questions. What if I find the classes difficult? What if I get lost and can't find my way around campus? What if I make no friends? What if nobody likes me? It seems like it will just never end, and that the memories you take with you will only be the most major and principal moments. As I've grown older, I've come to realize that time passes much quicker with every year, and that the days, months, and years seem to pass before you can even register them happening. I keep wondering if I've done enough to make myself the best person I can, to be kind and thoughtful to others, and if I've experienced everything I've wanted to.

And I know I won't remember everything that I did here, and that sometime down the road I'll eventually look at the faces of my classmates in the Yearbook and forget their names, and that they'll do the same to me.

'I wish there was a way to know that you're in "The Good Old days" before you've actually left them' – Andy, The Office

Harsha Jhamtani, 12 CBSE

I could fill out pages remembering the wonderful journey I had at NISV. Looking back at myself five years ago, I would've never imagined such a shy and introverted girl to grow into something completely different. NISV provided a sense of belongingness and a feeling just like home. The genuine support, love and care provided by my teachers and peers made me a strong individual. Throughout my life I have shifted through more than 8 schools, but none have provided the nurturing and vibrant atmosphere that I have received here. It's not everyday that you get to go to a school with amazing peers, tutors, mentors and the most comfortable uniforms on the planet, cherish the moments you have. Thank you NISV for welcoming me warmly, challenging me when required, encouraging me towards my goals, providing opportunities for me to grow and giving me so many memories, lessons and values that have shaped me into the person I am today.

Sanaa Balaji, Grade 12B CBSE

LIFE AT BOARDING

Boarders are more independent than other children of their age. They perform all their tasks by themselves. They have to take care of their belongings, and they find solutions to their problems by themselves. This improves their decision-making quality.

Boarding school provides a better academic environment to the students than the day scholars. They complete their homework at the allotted time. Besides, in case of any difficulty they are able to advantage of their seniors and their teachers.

Hostel life provides an environment of easy camaraderie. The Boarders live together and interact with each other. When required, they help each other and maintain a sense of brotherhood which is so unique to boarding life.

BOARDER'S TRIP TO DEVS CAMP

It's been a long and hard road, but our students have accomplished their goals and cleared the exams with the brightest of hues!

Now, it's time to celebrate the success truly deserved, an achievement truly earned.

Students, we are overjoyed with your academic performance! Congratulations on achieving top honors! You've made us proud!!

LANDMARKS - ANNUAL CONCERT

'From Mohandas to Mahatma' was a befitting homage to our Sabarmati ke Sant, whose most endearing weapon was the simplicity of his soul. A celebration of his life and achievements to mark the 150th anniversary of his birth, the play served as an inspiration for future generations, an enduring legacy to our thinking and actions, with an emphasis on the importance of facing up to truth with courage. He shall continue to live in our hearts forever...

LANDMARKS - NIMUN 9

The words of the former secretary General of the United Nations, Ban-Ki Moon, "There is nothing we can say to the world's children that can convince them the world needs to be the way it is. That means we must do everything we can to close the gap between the world as it is, and the world as it should be" set the stage for the delegates to put on their thinking caps and make meaningful contribution to this landmark event.

LANDMARKS - PRE-PRIMARY AND GRADE 1 CONCERT

'Namaste India' provided a heightened sense of chills and thrills, with the tiny tots driving home the oft-reiterated message of 'Unity in Diversity'. The euphoria was palpable as emotions took control when the stage was set on fire with a compelling drama, aided by scintillating music and spirited voice-overs, to present a montage of our glorious Motherland.

LANDMARKS - FUNFAIR

A colourful pageant, Lumières du Monde, Light of the World, was the highlight of this spectacular evening that offered scrumptious food, exciting games and a lot of fun-filled extravaganza, in the four theme-based corners- Carnevale de Venezia, Chinese Lantern Festival, Diwali and Cinco de Maya. The paraders, in their shimmering costumes, made their way through the crowds, and the dancers in every corner, with gilded masks topped with magnificent plumes, greeted them with a feverish air, enticing and alluring them and transforming the evening into a wonderland under the canopy of a sky that dazzled with a palette of colours!

LANDMARKS - NAVRATRI

'Navtaal', the most sought-after celebrations at NISV, ushered in Navratri, with students and parents, in their vibrant 'chaniya-cholis' and 'Kediyus', dancing to the soulful numbers paying obeisance to Mother Goddess. It was a mesmerising evening, with joy and festivity, and passion and fervour pervading the electrifying atmosphere.

LANDMARKS - PYP EXHIBITION

A virtual exhibition entitled, 'Media and Us' was the culmination to the PYP programme to explore the impacts of print, electronic and social or digital media. NISV walls were covered in graffiti proclaiming the detrimental effects of excessive media on our mental health and well-being. The primary graders also celebrated 'A day of Family togetherness', steering clear of mass media, to drive home the message of spending quality time together.

LANDMARKS VALEDICTORY IB - CBSE

At the Valedictory Ceremony, NISV bid a warm virtual farewell to the Batch of 2020 IB and CBSE students with a sense of nostalgia and cheer as they set out to take on the world. A prayer on our lips and a fervent wish in our hearts for the well-being and success of the students marked the poignant occasion. Mr Giri Pickbrain, a noted Quizmaster and the CEO- Greycaps , Asia's largest onstage quizzing and knowledge services company was the Chief Guest who infused everyone with his vivacious warmth and well-reasoned advice.

CAS

I believe that the CAS activity is an excellent method by which to create conscientious students. Conscientious of their societies, their environment and themselves. Without a compulsory program like this one, the limited time that an IB student does get would potentially be wasted in leisurely activities. In this way, the IB in ensuring a future generation of extremely time-efficient students. It is although through the CAS program that I believe that students will mature into responsible world citizens. I learnt a lot about respect and gratitude and my social skills exponentially grew. I am now able to immerse into conversation with anyone about a wide array of topics. I believe that one of the most valuable elements of performing CAS activities is their real-life applications. These skills that I learned throughout CAS will be of tremendous use to me in the future, wherever I go! For instance, Divyang Dost taught me empathy towards

CAREER COUNSELING

VIVARTA - Redesigning Tomorrow

Under Career Counseling Wing, University visits for personal interaction with students are organized, for students to explore the various avenues of undergraduate education in their countries/ institutions. Information sessions on understanding the PSAT, SAT examinations, sessions on Application system in India, USA, UK, etc. are organized regularly to update the students. Students are assisted at all levels in their application process, be in selection of subjects to selection of program to documents required for application. A Career Fest is organized every year which provides an opportunity to students to interact with eminent people from various fields to help them take informed career decisions.

COUNSELING CENTRE

VIVARTA - Transforming Lives

The Counseling Services at Navrachana International School began since its inception. In order to make the counseling process more structured, a Counseling Centre, Vivarta, was established. A dedicated team of Psychologists, Remedial Educators and a Career Counselor work collaboratively to provide essential as well as well-defined support services to all its stakeholders.

Various facilities like individual counseling, career guidance and counseling, group counseling, social-emotional skills training are made available to the students while various workshops are conducted for teachers and parents by the centre to equip them with knowledge and skills to cater to the needs of children in a better manner.

A. SECTIONWISE ACTIVITIES:

1. IB-PPYP/ PYP:

- Mindfulness through Art Therapy.
- Group Counselling
- Brain Gym activities

2. IB-MYP/DP:

Psychoanalytical and Projective techniques used to facilitate students to be independent and inquisitive thinkers.

3. CBSE-Primary:

- Group therapies
- Standardized assessment tools for further intervention

4. CBSE-Secondary/Higher Secondary:

- Scientifically proven therapies, assessments and techniques
- Guidance and counseling

B. Events Organized:

- Anti-Bullying Day
- Wellness Week
- Daan Utsav
- World Autism Day
- Aptitude Testing
- Mental Health Day

C. Workshops

Teacher:

- Team Building Workshop-IB and CBSE
- Decode the Code-A workshop on classroom Management
- Protection of Children against Sexual Offences- IB
- Learning Disability-Understanding differently-abled children

Parents:

- Parenting Styles
- Self-Care-Prioritizing self before others
- Wake up Call - Concerns during Adolescence

Other important events: Career Talks

Two Students of NISV, Devbrat Hariyani & Vidya Chellani, were awarded an all-expenses-paid full scholarship to attend a 3 weeks' Youth Course at a Goethe-Institute/ Max Mueller Bhavan in Germany (11th August – 31st August 2019): under the German language scholarship programme for PASCH students. This 3-week-long language programme was conducted at the A2 and B1 levels as per, The Common European Framework of Reference for Languages (CEFR)'.

SPORTS DAY - Grades 1-12

The much-awaited Annual Sports Week was held from 27th January to 29th January, 2020, with great zeal and excitement and in a frolicsome atmosphere. The students entered into the spirit of the occasion in a grand way with the oath being administered by the Sports captain. Once the races began, the air was filled with cheering and tons of encouragement for the young athletes. Students of classes 2 to 12 competed in events that included sprints, relays, an obstacle race and a skipping race. The Cycle race was the main attraction as it was included as a part of the competition for the first time. The overall- champion trophy was awarded to the House of Venturers.

SPORTS DAY - Pre-Primary

Physical education is an important part of the school syllabus. The students are taught games, yoga, gymnastics, etc. to suit their age, growth, capacity to play different games, and other factors.

The intellectual and physical capabilities of each student gets reflected in his/her various skills like gross motor skills, fine motor skills, loco motor skills, concentration in games, various body-parts co-ordination, team-game co-ordination, reflexes, etc.

The evaluation of each student is made on such established guidelines to not only measure the student's capabilities, but also to help him/her in improving his/her skills.

Navrachana hosts NIMUN9

Navrachana International School organised its 9th Model United Nations Conference recently. Several schools from across Gujarat and its neighbouring states participated in this two-day event. Rooted in its motto 'In Pursuit of a Humane World', NIMUN9 saw 7 key committees of the United Nations simulated - United Nations Security Council, Disarmament and International Security Committee, Economic and Financial Affairs Council, Historic Security Council, United Nations Development Programme, Special Political and Decolonization Committee, and the International Press Corps. The opening ceremony was a solemn occasion with the Chief Guest, Rhina Deshpande, CEO, Skillsphere Education addressing the gathering.

Urging the delegates to shed their inhibitions to express their opinions freely she asserted that doing so would make them unstoppable. The Secretary General's address to the

gathering highlighted their perception of the need to be informed global citizens in the world they are to inherit, while the Deputy Secretary General introduced the rules of procedure and the conference agendas. Deliberations on several burning issues plaguing the world and the conflicts prevalent among the nations had the delegates engaging enthusiastically with real life issues of international significance. The 2-day event, was thus, a veritable stage for student delegates to deliberate on the larger objective of the United Nations. The Chief Guest of the Closing Ceremony, Shalini Agarwal, Municipal Commissioner of the Vadodra Municipal Corporation, in her address urged the to keep pace with the on-going changes and meet global challenges on war footing. The award ceremony a soul stirring song celebrating the spark of motivation and the national anthem brought the curtains down on this much awaited inter school activity.

નવરચના ઇન્ટરનેશનલ સ્કૂલમાં 'ફિલ્મીટ શોર્ટ ફિલ્મ મેકીંગ' કાર્યક્રમ યોજાયો 'મહાત્મા ગાંધીની પ્રેરણાત્મક વાર્તા' અને 'નમામિ મા તું નમદે' ફિલ્મો બની શ્રેષ્ઠ કથની

વિદ્યાર્થીઓએ શોર્ટ ફિલ્મ મેકીંગ કાર્યક્રમમાં ભાગ લીધો હતો જેમાં તેમને શ્રેષ્ઠ કાર્ય બદલ સન્માનિત પણ કરવામાં આવ્યા હતા.

MEDIA WATCH

Of the Past, To the Present, For the Future

Parul University in association with The Times of India, made a special toast to educators of Gujarat by presenting them a reprint of the front page newspaper to relive the news that happened on their birthday

Dipika.Rath@timesgroup.com

Educators play the foremost significant role in everyone's life. They motivate kids to pursue their dreams and also make them better personalities. Children never forget the principals and teachers who helped them to mould and shape them to what they are today. But never has it been that a university felicitates the principals and teachers of various schools to thank them for making the best of so many children that are sent to colleges for higher education.

In a novel way to celebrate the torch bearers of the society, Parul University in association with The Times of India paid reverence and gratitude to fellow educators of various schools of Gujarat by honouring them with the front page of the newspaper of the day they were born. The principals and teachers were ecstatic to discover the news from the day they were born by reading it as it was reported at that time. Avers Anjali Mahajan, principal, SI, Kable Indian International School, "I

generally ask my teachers to bring history alive for children by relating it to the contemporary world. This gift was a perfect example of the same. Kudos to the ingenuity of the creator. This gift had emotions attached to it making it invaluable. Tears rolled down my eyes though 'genius was born' was a bit hyperbole. However, I'm utterly flattered." Adds Shobha Menon, principal, Nalanda International School, "It was a well thought unique activity. A creative idea."

In a truly unique initiative, this 3-month long activity comprised of data collection of the date of birth of educators of various schools of Gujarat, preparing the customised birthday scroll frames and presenting it over to them personally. In-depth, year-round research focused on identifying educators who were making a far-reaching impact in the field of education and have the potential to inspire fellow educators. Parul University organised this humble initiative in association with The Times of India to honour such extraordinary educators. "On my

birthday this year, I was pleasantly relegated into the realms of history by the sheer unique gift. The wishes were cast into the actual front page of the TOI newspaper that was published in the year and on the day I was born. This evocative creation of idea has surpassed class of any standard for me. I was simply touched to the core," says Swati Roy, principal, Shaishav School.

It wasn't a 'Teacher's Day' or any other occasion. It was just another day to pay tribute to the valuable contribution made by the principals and teachers of Gujarat to the society by imparting knowledge and enlightening and shaping the career of students. "We learn each day so why should we honour the real heroes only on September 5. Rightly so, just out of the blue, we wanted to honour fellow educators who work silently and build the nation's future," shares Devanshu Patel, president, Parul University.

The University aims to give students a window to the wider world. This is when it struck to them to felicitate educators of

various schools of Ahmedabad, Baroda, Surat, Rajkot, Gandhinagar, and Anand where each student that comes to the University were shown the first glimpse of the wide world. Patel further adds, "I have an innate curiosity to know what happened on the day I was born like so many others and understand how the world I know today once was. Often memories that we are too young to recall directly can be prompted by revisiting them through visual cues, such as the images and first-hand accounts found in newspapers from that very day. That is why, to show gratitude, respect, and recognition for the selfless sacrifice of the fellow educators to nurture the pillars of the nation, the personalised front page newspaper made a perfect warm gift. As the recipients read through a newspaper from the day, they were born they experienced a wave of nostalgia and were enthralled. I am glad Parul University could pull this through in association with The Times of India."

| 12.02.2020 | Shirina Ramal INTACH NEIS, NDL intachneis@gmail.com | Thank you for your warmth, hospitality and all your support for filmfest. We truly value our collaboration with you and express our appreciation for all the support extended to us. Many thanks to all the staff, coordinator and student volunteers. |
| 14.2.20 | Sarah Mann 41 Edith Avenue Peasehaven BN10 8JB U.K. I hope to see you all again! Sarah M | This is the second time that I have visited this wonderful school. I enjoyed the show that I saw which embraced cultural Diversity in India - a subject important for the whole world. I would like to thank Mr. De Sousa for making me so welcome and the students for being so entertaining. |
